

LPL FINANCIAL LLC (LPL) RELATIONSHIP SUMMARY

Effective March 31, 2022

LPL (referred to as “we” or “us”) is registered with the U.S. Securities and Exchange Commission as a broker-dealer and an investment adviser. We have a network of financial professionals (“Professionals”) who offer brokerage and investment advisory services. Brokerage and investment advisory services, and the fees we charge for them, differ, and it’s important that you understand the differences. This relationship summary will

explain the various services we offer, how we charge for those services, and conflicts of interest that exist when we provide our services. To help you research firms and financial professionals, you can access free and simple tools at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

Our Professionals offer brokerage services, investment advisory services, or both, depending on their licenses. Each Professional generally provides access to a range of investment products, such as stocks, bonds, exchange-traded funds (ETFs), mutual funds, annuities, and alternative investments. Please note that the range of investment options available to you may be limited depending on the licenses your Professional holds or if he or she is located at a financial institution that does not offer certain options. Your Professional or account program may also have specific

requirements, such as account or investment minimums. We encourage you to ask your Professional whether any investment limitations or account requirements apply.

If your Professional offers you both brokerage and advisory services, your Professional will inform you when he or she offers an investment recommendation or advice, and whether the recommendation or advice is part of a brokerage or advisory service. Some of the key differences between brokerage and investment advisory services are described below.

Brokerage Services

- Brokerage services include taking your orders and executing your securities transactions; making recommendations for you to buy, sell, or hold securities; and holding your securities for safekeeping (known as having “custody” of your securities).
- In most cases, we provide recommendations to you on specific investments, but you make the final investment decisions for your account. We also have a program available through a limited number of financial institutions in which you make investment decisions on your own without any recommendations from us.
- We don’t monitor brokerage account investments for you, unless we state otherwise in writing.
- We may provide brokerage services (but not investment recommendations) to you if your Professional is providing advisory services through a separate investment advisory firm.

Investment Advisory Services

- Some of the investment advisory services we offer include wrap fee programs and non-wrap fee programs; mutual fund asset allocation programs; advisory programs offered by third-party investment advisory firms; financial planning services; retirement plan consulting; investment research; digital advice programs; and other custom advisory services.
- You’ll typically grant us discretion to buy and sell investments in your account without asking you in advance. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. In other investment advisory accounts, you grant investment discretion to another financial institution.
- Some of our investment advisory accounts are nondiscretionary, which means you are required to preapprove each investment transaction that we recommend.
- We’ll typically monitor accounts, and specific investments within accounts, on an ongoing basis to align with your investment goals. However, in limited-scope consulting or advisory relationships, we won’t provide ongoing monitoring.

More detailed information about our advisory services can be found in the [Form ADV for your advisory program](#). Detailed information about our brokerage services can be found at [Brokerage Compensation Information and Related Conflicts of Interest](#). 🔗 Questions to ask your Professional:

- *Given my financial situation, should I choose an investment advisory service? Should I choose a brokerage service? Should I choose both types of services? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

What fees will I pay?

Investing is an individual journey, and we want to provide you with options. Below we outline the fees you could be charged for both brokerage and advisory accounts depending on your investment

choices. Fee Schedules for our brokerage and advisory programs can be found lpl.com.

Fees Associated with Brokerage Services

- For brokerage services, we charge a transaction-based fee (sometimes referred to as a commission) every time you buy or sell an investment. The amount you pay as a transaction-based fee varies according to the particular investment and amount invested. The more trades you make, the more transaction-based fees we earn. This creates an incentive to encourage you to trade often.
- For investments in stocks or ETFs, the transaction-based fee is usually charged as a separate commission or sales charge. For investments in bonds, this fee is typically included as part of the price you pay for the investment (called a markup or markdown).
- For investments in certain products like mutual funds, annuities, and alternative investments, we receive transaction-based fees from the investment product sponsor in the form of asset-based sales charges (e.g., sales loads). These fees are based on the amount invested in a product and, depending on the product, may be based on how long you hold the investment. Our receipt of asset-based sales loads creates an incentive to recommend products or sponsors that include such charges.

Fees Associated with Investment Advisory Accounts

- For investment advisory services, we typically charge an ongoing quarterly fee (sometimes referred to as an asset-based fee). This fee is a percentage of the value of your account. You pay this fee even if you don't buy or sell investments. The more assets you have in an asset-based fee account, the more you'll pay us in fees. This creates an incentive to encourage you to increase the size of your account, including by transferring or rolling over assets from other accounts. For some types of accounts, there is a per transaction charge in addition to an asset-based fee. We may also charge an hourly fee or fixed fee for additional services such as financial planning and consulting services that are of limited duration or nature.
- For wrap fee program accounts, you will pay us a single asset-based fee for advisory services. This fee also covers most transaction costs and certain administrative and custodial costs associated with your investments. If you expect to trade infrequently or to pursue a "buy and hold" strategy, a wrap fee program may cost you more than paying for the program's services separately, and you may want to consider a brokerage relationship rather than an advisory relationship.
- The fee you pay to your Professional is generally negotiated with him or her directly, and subject to different maximums, depending on the advisory program selected.

Other Fees and Costs

If applicable to your account, we'll charge you directly for other fees in addition to brokerage commissions and advisory fees, including: (1) account maintenance fees such as custody, trade confirmation processing, corporate actions, and transfer fees; (2) cash management fees such as cash sweep, checking, and wire fees; and (3) investment specific fees such as those for

administration of alternative investments or for foreign securities. See the Fee Schedules for our brokerage and advisory programs at lpl.com for more information. You should understand that these fees are not charged by us if your investment is in an account that is held directly with the sponsor, and not in an LPL investment account.

You may also incur fees charged by the particular investment product in which you are invested, including mutual funds, ETFs, and other pooled funds, in addition to brokerage commissions and advisory fees charged by us. Some of these fees may be shared, as described below in [Third-Party Payments](#). Certain investment products have significant fees triggered by particular events, e.g., annuities may include mortality, expense, and administrative fees, and fees for excessive transfers or early withdrawals.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Detailed

information on our advisory fees can be found in the [Form ADV for your advisory program](#). Detailed information on our brokerage fees can be found at [Brokerage Compensation Information and Related Conflicts of Interest](#) and, depending on the investment product in which you invest, may be included in the product's prospectus or other offering document. If viewing a paper version of this form, please visit lpl.com/CRS for hyperlinks to these documents.

📌 Questions to ask your Professional:

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when providing recommendations as my broker-dealer or when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we provide you with a recommendation as your broker-dealer or act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and investment advice we provide you. Here are some examples to help you understand what this means. If you have questions about whether any of these situations could apply to your investments, ask your Professional.

Third-Party Payments

We receive compensation from third parties related to investments you make in certain products, including mutual funds, ETFs, annuities, alternative investments, and other investments. This compensation includes ongoing distribution charges (e.g., 12b-1 fees or trail payments), which an investment product charges you and then pays to us. We also receive fees from investment products and/or their sponsors for recordkeeping and other administrative services we provide in relation to your investments. In some accounts we offer, uninvested cash is automatically placed into interest-bearing federally insured bank accounts. We receive fees for your participation in these “cash sweep” programs from the banks sponsoring the programs. The fees we receive are typically higher than the interest you earn on the cash held in the bank accounts and are in addition to any fees you pay to us. This creates an incentive for LPL if you maintain a cash balance in your account. [Revenue sharing payments](#) are another type of third-party compensation we receive from sponsors who participate in our marketing programs. These programs support our product marketing to our Professionals and for education and training efforts, and facilitate communications between sponsors and our Professionals. Finally, certain sponsors pay us to make their investment products available on our platform. Because we receive

payments from these third parties, there is an inherent incentive for us to recommend or invest your assets in those investment products. Detailed information regarding third-party payments can be found in the [Third-Party Compensation and Related Conflicts of Interest](#) document on lpl.com.

Principal Trading

In brokerage accounts, we sometimes directly buy from you or sell to you investments including bonds or certain shares of mutual funds, unit investment trusts (UITs), or alternative investments. These are called principal trades. If the principal trade involves a bond, we receive a markup or markdown by either buying the bond from you at a lower price than we will sell it for or by selling the bond to you at a higher price than we bought it for. That creates an incentive for us to either buy the bond from you at the lowest price possible or sell the bond to you at the highest price possible and maximize our profit on the principal trade. In advisory accounts, purchases of mutual funds, UITs, or alternative investments may be processed through our proprietary account, but we do not receive a markup or markdown in these trades. Also, in certain advisory accounts where a third-party investment advisory firm has discretion, we trade as principal and receive a markup or markdown.

Detailed information on our conflicts of interest can be found in the [Form ADV for your advisory program](#) and in [Brokerage Compensation Information and Related Conflicts of Interest](#). If viewing a paper version of this form, please visit lpl.com/CRS for hyperlinks to these documents.

📌 Questions to ask your Professional:

How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our Professionals are primarily independent contractors, although a portion are employees or employees of an affiliated company. The agreement between each Professional and LPL sets out the payments we make to them. Those who provide investment advisory services receive a portion of the advisory fee you pay. Professionals who provide you brokerage services receive a portion of the commissions or markups/markdowns from your trades. Receiving a portion of the advisory or brokerage fees you pay to us creates an incentive for them to encourage you to increase your investment account size or trade more frequently. We also compensate Professionals based on production, including payments based on the amount of client assets they service and the products they sell. In addition, our Professionals receive different levels of compensation for selling different types of investments or services. This could include, for example, a share of the 12b-1 fees, trail payments, or sales loads paid to us by an investment product. Although your Professional must recommend investment products or manage your account in your best interest, these additional forms of compensation create an incentive for them to recommend specific financial products.

Our Professionals may receive compensation from us in other ways, including:

- Transition assistance if he or she moves to LPL from another company. This assistance can include forgivable loans, advance payment of advisory fees, and/or waiving or reducing other

costs associated with transitioning the Professional's business. This assistance creates an incentive to migrate and maintain business on our platform from another investment platform, and to sell or recommend the sale of investments held in an account if we do not offer those investments.

- Waived or reduced costs and fees (e.g., for administrative services that we provide for your accounts, attending our conferences and events, and free or reduced-cost marketing materials). These waived and reduced costs and fees create an incentive for Professionals to associate with us instead of other financial firms.
- Equity awards in our parent company, LPL Financial Holdings Inc., which give your Professional an incentive to remain with us during the vesting period applicable to his or her stock holdings (the period of time before the stock is unconditionally owned). This also gives the Professional a financial interest in the success of our business.

Your Professional is legally required to act in your best interest and not put his or her interests ahead of your own. We have systems in place to mitigate the conflicts of interest that arise from the way he or she makes money, including systems to review whether a recommendation is in your best interest. More information on compensation can be found at [Brokerage Compensation Information and Related Conflicts of Interest](#). Do you or your financial professionals have legal or disciplinary history?

Yes. Visit Investor.gov/CRS for a free and simple search tool to research LPL and our Professionals.

❏ Questions to ask your Professional:

As a financial professional, do you have any disciplinary history? For what type of conduct?

❏ Questions to ask your Professional:

Who is my primary contact person? Is he or she a representative of an investment adviser or a broker dealer? Who can I talk to if I have concerns about how this person is treating me?

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS (GWP) ACCOUNT AGREEMENT

This Account Agreement ("Agreement") is entered into by and among LPL Financial LLC ("LPL"), a registered investment adviser and broker-dealer, the LPL Investment Adviser Representative indicated in Section V of the Account Application attached hereto ("IAR"), and the client indicated in Section I of the Account Application ("Client" or "you"), pursuant to which Client will open an account ("Account") with LPL and IAR for the purpose of participating in the **Guided Wealth Portfolios Program** ("Program"). Notwithstanding any other provision of this Agreement to the contrary, the advisory services to be provided under this Agreement shall not begin until your Account paperwork has been accepted by LPL at its home office as being in good order and the applicable minimum Account balance has been reached as described in Section 9 below. LPL's acceptance of the Account will generally occur within 15 business days, but can take longer in certain circumstances, from the day you submit your completed paperwork. A description of the services to be provided and the parties providing the services are set forth below. LPL reserves the right to accept or reject this Agreement in its sole discretion and for any reason.

1. GUIDED WEALTH PORTFOLIOS PROGRAM

The Program offers clients the ability to participate in a centrally managed investment program, which is made available to Client through LPL's Account View, a web-based, interactive account management portal ("Account View") and through IAR. In the Program, LPL generates investment recommendations based upon model portfolios constructed by LPL and selected for the Account as described below (such model portfolio selected for the Account, the "Model Portfolio"). The Model Portfolios have been designed and are maintained by LPL Research (the "Portfolio Strategist") and include a list of exchange-traded funds ("ETFs") holdings and may in the future include open-end mutual funds ("Mutual Funds") holdings (collectively, "Program Securities"), and include relative weightings and a list of potential replacement securities for tax harvesting purposes. LPL Research currently serves as the sole Portfolio Strategist and does not charge a fee for its services. Only one Model Portfolio is permitted per Account. Client acknowledges and agrees that communications concerning the Program are intended to occur primarily through electronic means (including but not limited to, through email communications or through Account View), although IAR will be available to discuss investment strategies, objectives, or the Account in general in person or via telephone. IAR can provide Client with information regarding other LPL investment programs if Client would prefer more frequent personal interactions with their IAR.

(a) Account Opening

As part of the Account opening process, including the interactive online questionnaire completed by Client prior to account opening, Client is responsible for providing complete and accurate information regarding, among other things, Client's goal(s), age, risk tolerance, and investment horizon (collectively, "Client Profile"). Client must select from one of the following goals for the Account: retirement ("Retirement Goal"), major purchase ("Major Purchase Goal"), or general investing ("General Investing Goal"). Client acknowledges that LPL and IAR rely on the completeness and accuracy of the Client Profile in order to provide services under the Program, including but not limited to, determination of suitability of the Program for Client and an appropriate investment allocation track for Client ("Investment Allocation Track"). Client agrees to create an Account View profile within the time period prescribed by LPL or IAR and acknowledges that maintaining an active Account View profile is required for the entire duration of Client's participation in the Program. Client agrees to promptly inform LPL and IAR of any material changes in Client's Profile through Account View or by contacting IAR.

(b) Model Portfolios

(i) Retirement Goal.

Based upon a Client's risk tolerance as indicated in the Client Profile, Client is assigned an Investment Allocation Track (currently conservative, moderate, or aggressive), the purpose of which is to slowly rotate Client's equity exposure allocation to fixed income exposure and cash over time. Upon submitting a completed online questionnaire, Client will be assigned a Model Portfolio within the applicable allocation track and based upon factors in the Client Profile, including Client's risk tolerance and the number of years remaining until the age of retirement as indicated by Client (such time being referred to herein as the "Retirement Age").

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

As Client approaches the Retirement Age, LPL will automatically adjust Client's asset allocation annually based upon the Client's associated Investment Allocation Track.

(ii) Major Purchase Goal.

Based upon a Client's risk tolerance as indicated in the Client Profile, Client is assigned an Investment Allocation Track (currently conservative, moderate, or aggressive), the purpose of which is to slowly rotate Client's equity allocation exposure to fixed income exposure and cash over time. Upon submitting a completed online questionnaire, Client will be assigned a Model Portfolio within the applicable allocation track and based upon factors in the Client Profile, including Client's risk tolerance and the number of years remaining until the time that Client would like to achieve the Major Purchase Goal (such time being referred to herein as the "Major Purchase Date").

As Client approaches the Major Purchase Date, LPL will automatically adjust Client's asset allocation annually based upon the Client's associated Investment Allocation Track.

(iii) General Investing Goal.

Based upon a Client's answers to the risk tolerance questionnaire as part of the Client Profile, Client will be assigned a Model Portfolio with the applicable Investment Allocation Track (currently, conservative, moderate conservative, moderate, moderate aggressive, or aggressive). For the General Investing Goal, the allocation track generally remains static, subject to rebalancing and tax loss harvesting as described herein.

(iv) Investment Allocation Track.

Client understands that the Investment Allocation Track selected for the Account seeks to achieve an overall investment objective for the entire Account that may be inconsistent with a particular holding and the Account's performance at any time and may be inconsistent with other asset allocations suggested to Client by LPL or IAR prior to Client entering into this Agreement. Client understands that the Investment Allocation Tracks are designed as long-term goals for the Account, and asset withdrawals may impair the achievement of client's investment objectives. Client understands that a Client Profile that includes a conservative Investment Allocation Track over a long-term investment horizon may result in the selection of riskier investments than would be selected based on the same conservative Investment Allocation Track but over a shorter-term investment horizon. As part of the Account opening process, Client has reviewed and hereby accepts the assigned Investment Allocation Track. Client agrees to contact IAR if Client believes the Investment Allocation Track does not appropriately reflect the Client Profile.

(c) Account Management

Under the Program, Client authorizes LPL on a discretionary basis to purchase and sell Program Securities in accordance with the Model Portfolio and to liquidate previously purchased non-model securities. Mutual Funds and ETFs that are not Program Securities or that are not included within the Model Portfolio selected for the Account will not be purchased for the Account. Client grants LPL full discretion to invest in accordance with the Model Portfolio. LPL expects to closely track the Model Portfolios, applying discretion only to address particular account issues, including tax loss harvesting, short-term gain avoidance, cash inflows and outflows, and investment restrictions placed on the Account. LPL may also deviate from the Model Portfolios in smaller accounts, in which it is not possible or impractical to be invested in all of a Model Portfolio's holdings. IAR and Client cannot change or customize the Model Portfolios. Uninvested cash may be invested in money market funds or the Multi-Bank Insured Cash Account ("ICA") or Deposit Cash Account ("DCA"), as applicable, as described in Section 21 below. Client acknowledges that cash dividends paid by the Program Securities in the Account will be contributed to the cash allocation and ultimately reinvested into the Account based on the Model Portfolio once the tolerance within the cash allocation is surpassed.

During the term of this Agreement, LPL will perform a daily review of the Account to determine if rebalancing is appropriate based on tolerance thresholds established by LPL. The Account will be rebalanced if the Account has available cash for investment and at least one of the Account positions, including cash, is outside LPL's set tolerance thresholds, subject to a minimum transaction amount established by LPL. LPL will also perform an annual rebalancing of the Account if Account positions are outside of LPL's set tolerance thresholds. In addition, LPL may review the Account for rebalancing in the event that the Model Portfolio is changed. LPL may delay placing rebalancing transactions for non-qualified accounts by a number of days,

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

to be determined by LPL, in an attempt to limit the tax treatment of realized short-term gains for any position being sold. In addition, trading in the Account at any given time is also subject to certain conditions, including but not limited to, conditions related to trade size, compliance tests, the target cash allocation and allocation tolerances. IAR and Client cannot alter the rebalancing frequency. Pursuant to this Agreement, Client appoints LPL, in LPL's capacity as a registered broker-dealer, as sole and exclusive broker-dealer on the Account for the execution of trades.

IAR is responsible on an ongoing basis as investment advisor and fiduciary for the client relationship, including for recommending the Program to Client; providing ongoing monitoring of the Program, the performance of client accounts, and the services of LPL; determining initial and ongoing suitability of the program for clients; reviewing clients' suggested portfolio allocations; reviewing any change in Investment Allocation Track due to changes clients make to their Client Profile; answering questions regarding the Program, assisting with paperwork and administrative and operational details for accounts; and being available to clients to discuss investment strategies, changes in financial circumstances, objectives or accounts generally in person or via telephone. IAR may also recommend other suitable investment programs.

(d) Statements & Confirms

Client may access account statements, showing Account activity and statement-end positions, and confirmations of the transactions that occurred within the Account through LPL's Account View. Confirmations of transactions will be consolidated in the case of rebalancing transactions. Client also acknowledges that detailed performance information will generally be available in electronic form through Account View. Client understands that it is important to review promptly confirmations, account statements, disclosures, and other documents and communications that LPL or IAR provides. Client agrees to notify LPL or IAR promptly if anything in the account documents appears inaccurate or suspicious.

(e) Account Deposits and Withdrawals

Client may make cash additions to the Account at any time and may withdraw Account assets on notice to IAR, subject to Section 9 below. Additional deposits will be invested in securities consistent with the current target allocations of the Model Portfolio, but such deposits (or a portion thereof) may remain in cash until certain conditions are met related to trade size and position deviation from the target allocation. LPL may accommodate requests from Client or IAR for all or a portion of the assets in the Account to remain allocated to cash for a period of up to 90 days. After the expiration of that time period, LPL will reinvest the Account according to the Model Portfolio. Such customized requests, liquidation requests in connection with withdrawals and changes to the Model Portfolio or Investment Allocation Track selected may take up to 5 business days to process, and, in certain circumstances, may take longer to allocate assets.

Client may fund the account with previously purchased, non-model securities. Client authorizes LPL to liquidate previously purchased, non-model securities as soon as reasonably practicable. In some circumstances, LPL will take into consideration realized gain and loss exposure of liquidating previously purchased, non-model securities when effecting liquidations, however in no circumstance will it be required to do so. The proceeds of the liquidation of previously purchased, non-model securities will be invested in the same manner as cash used to fund the Account. Client may not impose any restrictions on the liquidation of previously purchased securities. The tax loss harvesting or short-term gain avoidance implemented in connection with the Program is not intended to be tax advice and LPL and IAR do not represent that any particular tax consequences will be obtained. You should consult with your personal tax advisors regarding the tax consequences of investing. Tax loss harvesting or short-term gain avoidance could result in greater deviation from the Model Portfolio.

In the event Client withdrawals cause the Account asset value to fall below the required minimum, Client understands this Agreement may be subject to immediate termination under the provisions of Section 9. Client understands that the Program is designed as a long-term investment program and that asset withdrawals (or requests to allocate all or a portion of Account assets into cash) will affect the performance of the Account.

Client cannot pledge assets held in the Account.

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

(f) Client Representations and Acknowledgments

- (i) By entering into this Agreement, you represent and warrant to LPL and IAR that: (i) you have reported full and accurate information during the creation of your Client Profile, (ii) you have made an independent assessment of the services offered and have determined that the services are appropriate for you based on your Client Profile, (iii) your use of the Program and Account View does not violate any applicable law or regulation, (iv) you will abide by all applicable local, state, national and international laws and regulations when using the Program and Account View.
- (ii) Further, by entering into this Agreement, you acknowledge and agree that: (i) you will not use the Program, Account View or any other feature of the Program for any purpose that is prohibited by this Agreement; (ii) you will not directly or indirectly sublicense, resell, rent, lease, transfer, assign, time share or otherwise make Account View or the Program available to any third party in violation of this Agreement; (iii) you are not on any governmental sanctions list of prohibited individuals; (iv) you will not, directly or indirectly: (1) decipher, decompile, disassemble, reverse engineer, or otherwise attempt to derive any source code or underlying ideas or algorithms of any part of the Program or Account View, except to the limited extent applicable laws specifically prohibit such restriction, (2) modify, translate, or otherwise create derivative works of any part of the Program or Account View, (3) copy, distribute, or otherwise transfer any or all of the rights that you receive under this Agreement, or (4) use or access the Program or Account View in order to build a competitive product or service.

2. TRADING AUTHORIZATION

Client hereby grants LPL complete and unlimited discretionary trading authorization with respect to the purchase and sale of Program Securities in the Account, the sale of previously purchased securities, and the investment of cash in money market funds or ICA or DCA, as applicable. Client hereby appoints LPL as Client's agents and attorneys-in-fact with respect to this trading authorization. Client also authorizes Portfolio Strategist to provide the Model Portfolio(s) to LPL and authorizes LPL to make the decisions on how to implement the Model Portfolio, including allocation tolerances within the Model Portfolio in which Program assets will be invested, and authorizes LPL to implement rebalancing. Client hereby authorizes LPL to determine which Model Portfolio should be selected for the Account.

Client authorizes LPL to perform tax harvesting for the Account as determined by LPL in its sole discretion. LPL will perform tax harvesting for the Account based on its guidelines for the Program, which will provide that tax loss harvesting for the Program will occur on a systematic and periodic basis. LPL will perform tax harvesting for the Account only when total account unrealized losses and individual positions available losses each exceed the thresholds set by LPL for the Program. LPL will seek to re-invest proceeds from tax loss harvesting into a substitute Program Security for the 30-day period from the initial sale of the harvested security. In certain instances when harvest proceeds cannot be re-invested into a substitute Program Security, the proceeds will be held in cash for the duration of the 30-day period from the initial sale of the harvested security. In implementing the Investment Allocation Track or processing Client requests, including withdrawal requests, LPL may in its sole discretion determine the securities for liquidation based in-part on avoiding short-term gain realization.

Other than as described in Sections 6 and 17, LPL and IAR are not authorized to withdraw or transfer any money, securities or property either in the name of Client or otherwise. Client understands that IAR is prohibited from taking personal possession of Client securities, stock powers, monies or any other personal or real property in which Client may have an interest. In addition, Client understands that IAR may not lend to or borrow from Client any monies or securities. Client further agrees not to enter into any other business relationship with IAR including, but not limited to, helping to capitalize or finance any business of IAR.

Client understands that LPL, IAR and their affiliates perform advisory and/or brokerage services for various other clients, and that they may give advice or take actions for those clients that differ from the advice given or the timing or the nature of any action taken for the Account. In addition, each of the parties may, but are not obligated to, purchase or sell or recommend for purchase or sale any security which each of the parties or any of their affiliates may purchase or sell for their own accounts or the account of any other client. Client also understands that cash balances in the Account will be invested in money market

funds or ICA or DCA, as applicable, at the discretion of LPL and that certain fees and expenses shall be incurred in connection with money market funds or ICA or DCA, which are in addition to the Account Fee (as defined in Section 6).

In no event will LPL be obligated to effect any transaction for Client which LPL believes would violate any applicable state or federal law, rule or regulation, or the rules or regulations of any regulatory or self-regulatory body. This trading authorization is a continuing one and shall remain in full force and effect and be relied upon until LPL and IAR have received a copy of a written termination notice delivered in accordance with Section 18. LPL and IAR also retain the right to voluntarily terminate this Agreement as discussed in Section 9.

3. PROXIES AND OTHER SHAREHOLDER INFORMATION

Client understands and agrees that Client retains the right to vote all proxies that are solicited for securities held in the Account. LPL and IAR are hereby expressly precluded from voting proxies for securities held in the Account and will not be required to take any action or render any advice with respect to the voting of proxies. LPL will provide Client with proxy materials prepared by the funds held in the Account.

Neither LPL nor IAR shall be obligated to render any advice or take any action on behalf of Client with respect to any legal proceedings, including bankruptcies, involving securities or other investments held in the Account, or the issuers thereof. Client hereby retains the right and obligation to take action with respect to legal proceedings relating to securities held in the Account.

Client hereby designates LPL, as a broker-dealer and registered investment adviser, to receive all prospectuses, annual reports and disclosure statements for securities held in the Account. Client may request prospectuses and reports from IAR.

4. CLIENT AUTHORITY

Client represents that he or she is a natural person who is at least 18 years old. Client agrees to promptly notify LPL in the event that his or her country of residence or citizenship status changes, and Client acknowledges and agrees that such notification may result in termination of his or her account by LPL under Section 9 below if LPL does not service accounts in the new jurisdiction.

Client is not an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA") or an entity whose assets are treated as "plan assets" for purposes of ERISA ("ERISA Plan").

Client represents that he or she is duly authorized to enter into this Agreement.

As discussed more fully above, LPL and IAR do not undertake to provide advisory services under this Agreement until the Account has been accepted by LPL.

5. RETIREMENT ACCOUNTS

If Client is investing through an account that is a "plan" under Section 4975 of the Internal Revenue Code of 1986 (the "Code") (other than ERISA Plans, which are not permitted to invest through the Program), *i.e.*, an individual retirement account (an "IRA") including a traditional IRA, a Roth IRA, or an owner-only Simplified Employer Pension IRA where the only eligible participants of the SEP IRA are the business owners and their spouses ("SEP IRA") (collectively "Retirement Accounts"), Client represents, warrants and agrees that (i) Client is the fiduciary or owner of the Retirement Account, (ii) Client has reviewed the governing Retirement Account instrument and the applicable laws and regulations and has determined that Client's participation in the Program is permitted, and, unless Client notifies LPL in writing to the contrary, will continue to be permitted, by the relevant governing Retirement Account instrument and such applicable laws and regulations, (iii) Client has determined that IAR's and LPL's fees and compensation are reasonable for the services provided and are proper expenses payable by the Retirement Account in accordance with the terms of the governing Retirement Account documents and the Code and that Client has received disclosures necessary to make such determination, and (iv) Client will immediately notify LPL in accordance with Section 18 of this Agreement in the event that the Retirement Account becomes subject to ERISA.

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

Client is solely responsible for considering all relevant services, fees and conflicts of interest applicable to the services contemplated under this Agreement (and related disclosures) before making a decision to participate in a Program, or to contribute to, or withdraw assets from, a Program. Client understands and agrees that neither LPL nor IAR undertakes to act as a “fiduciary” within the meaning of ERISA or Section 4975 of the Code with respect to the Client’s decision to participate in the Program, accept the terms and conditions of the Agreement or to contribute assets to or withdraw assets from the Account. Client should consider whether to seek the advice of counsel or other independent experts as necessary.

6. FEES AND CHARGES

As a participant in the Program, Client agrees to pay an annualized fee (“Account Fee”). The Account Fee is made up of an Advisor Fee and an LPL Program Fee. Additional details, as well as the maximum Account Fee are set forth in Schedule A attached hereto. For purposes of calculating the quarterly Account Fee and providing performance information, the Account quarter will begin on the first day of the calendar quarter after the Account is accepted by LPL.

The initial Account Fee is due at the end of the first quarter in which the Account is accepted and will include the prorated amount for the initial quarter. Subsequent Account Fees will be assessed at the beginning of each quarter thereafter and will be based on the value of the Account assets under management as of the close of business on the last business day of the preceding quarter (as valued by an independent pricing service, where available, or otherwise in good faith as reflected in Client’s account statement) and based on the fee rate in effect at the time of assessment. At the time of a subsequent Account Fee assessment, the Account Fee will be adjusted for deposits and withdrawals during the prior quarter pro rata based on the asset value of the transaction and based on the fee rate in effect at the time of the assessment. If there is a change in the Account Fee rate negotiated between IAR and Client during the quarter, the effective date of any increase or decrease will be at the beginning of the next quarterly cycle. Client authorizes LPL to deduct all Account Fees and any additional fees or charges pursuant to the authorization granted under Section 17. Client understands that alternative payment methods that may be offered in other advisory platforms are not available for the Account. All such fees and charges will be noted on Client’s statements.

If Client has paid a commission on the purchase of a security in an LPL brokerage account within up to two years of the transfer of the security into the Account, Client may be entitled to a credit for a portion of the Account Fee.

Client also incurs certain charges imposed by LPL or third parties other than IAR in connection with investments made through the Account, including among others, the following types of charges: ordinary and extraordinary operating expenses incurred by Program Securities, mutual fund 12b-1 fees, subtransfer agent fees, networking fees, omnibus processing fees, fund management fees and administrative servicing fees, certain deferred sales charges on previously purchased mutual funds and other transaction charges and service fees, account termination fees, administrative servicing fees for trust accounts, and other charges required by law or imposed by exchanges or regulatory bodies. LPL receives all or a portion of certain of these fees. Further information regarding charges and fees assessed by the ETFs and Mutual Funds held in the Account are available in the prospectus for such funds.

As an example of the foregoing, transaction fees imposed by the SEC on all sales of securities, options and single stock futures effected on a national securities exchange are passed on to your Account. The amount of this regulatory fee may vary over time, and because variations might not be immediately known to LPL, the amount may be estimated and assessed in advance. To the extent that such estimated amount differs from the actual amount of the regulatory fee, LPL retains the excess. These charges will be reflected on transaction confirmations and/or periodic statements.

Client understands and agrees that LPL may waive any fee it charges in its sole discretion in whole or in part.

Any 12b-1 fees paid to LPL by Mutual Funds held in the Account (other than cash sweep money market funds (“Sweep Funds”) described in Section 21 below) will be credited to the Account. Such credits will be reflected on periodic account statements.

Mutual Funds may also charge a redemption fee if a redemption is made within a specific time period following the investment. The terms of any redemption fee are disclosed in the fund’s prospectus. Decisions regarding the sale of Mutual Funds in the Account will be made by LPL without regard to whether a client will be assessed a redemption fee.

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

Neither LPL nor IAR shall be compensated on the basis of a share of capital gains or capital appreciation of the funds or any portion of the funds of Client.

In connection with servicing the Account, Client acknowledges and agrees that Client will be charged by LPL certain incidental miscellaneous fees and charges. These fees are set out in the Miscellaneous Account and Service Fees Schedule attached hereto. LPL makes available a current list of these fees on its website at lpl.com/disclosures.html. These fees are not directly based on the costs of the transaction or service by LPL, often include a profit to LPL, and certain of the fees are lowered or waived for certain clients. In some cases, LPL waives fees for clients of IARs who have agreed to share a greater portion of the Account Fee with LPL. These fees are subject to change at the discretion of LPL. You will be notified of these charges and any changes through information provided with your periodic statements. These fees and charges shall continue until thirty (30) days after LPL has notified Client in writing of any change in the amount of the fees or charges applicable to the Account, at which time the new fees or charges will become effective unless Client notifies LPL in writing that the Account is to be closed.

7. CONFLICTS OF INTEREST

LPL is appointed by Client as custodian of the Account assets and broker-dealer with respect to processing securities transactions for the Account. LPL may aggregate transactions for Client with other clients to improve the quality of execution. The Account Fee described above represents compensation for the asset management and reporting services provided. Securities transactions for the Account are effected through LPL without commission being paid to LPL.

Client should be aware that certain mutual funds held in the Account (if any) charge fees such as 12b-1 fees, subtransfer agent fees, networking fees and omnibus processing fees, a portion of which are received by LPL. The amount of such fees is described in the mutual fund's prospectus under fund expenses and is also reflected on the fund's financial statements. Any 12b-1 fees paid to LPL by mutual funds held in the Account (other than Sweep Funds) will be credited to the Account.

Client should understand that the share class offered in the future for a particular mutual fund through the Program in many cases will not be the least expensive share class that the mutual fund makes available. As a result, LPL will not achieve best execution for purchases of share classes that are more expensive because the recordkeeping and other expenses make it a more expensive share class than Client otherwise would be eligible to purchase had LPL chosen to make that share class available. Client understands that another financial services firm may offer the same mutual fund at a lower overall cost to the investor than is available through the Program.

LPL has fee arrangements with investment advisors or distributors ("sponsors") of ETFs, and Mutual Funds that are available or may in the future be available for purchase in an Account, called revenue sharing. Under these arrangements, the sponsor pays LPL a fee based on the amount of client assets invested in the sponsor's products or a fixed fee, and LPL provides marketing support, data analytics, and administrative services to the sponsor and allows the sponsor to access IARs so that the sponsor can promote such products. Client understands that this type of arrangement gives LPL a financial incentive to have LPL clients invest in participating products instead of products whose sponsors do not make such payments to LPL.

The IAR recommending the Account to Client receives compensation as a result of Client's participation in the Program. The amount of this compensation may be more or less than what the IAR would receive if Client participated in other LPL programs or paid separately for investment advice, brokerage, and other client services. Therefore, the IAR can have a financial incentive to recommend the Account over other programs and services.

LPL receives compensation based on the amount of the assets invested in the money market fund available for investment in the Account in connection with LPL's marketing support programs. The source and nature of compensation, if any, received in conjunction with trades or the money market fund for the Account will be furnished upon written request to LPL.

LPL does not receive compensation for directing orders in equity securities to particular broker-dealers or market centers for execution.

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

LPL credits to the Account funds belonging to Client such as dividends, interest, redemptions, and proceeds of corporate reorganizations on the day such funds are received by LPL. These funds come to LPL from issuers and various intermediaries in which LPL is a participant, such as the Depository Trust Company ("DTC"). Information regarding when LPL credits Account with funds due the Account, when those funds are available to the Account, and/or when Client begins earning interest on the funds is available from LPL.

Securities held in the Account which are in "street name" or are being held by a securities depository are commingled with the same securities being held for other clients of LPL. Client ownership of these securities is reflected in LPL's records. Subject to a minimum distribution amount of \$250 or such other amount determined by LPL, Client has the right at any time to require delivery of any such securities which are fully paid for. Certain preferred stocks are subject to being called by the issuer. Whenever any such security being held by LPL is partially "called," LPL will determine, through a random selection lottery process as prescribed by DTC, the ownership of the securities to be submitted for redemption without regard to unsettled sales. In the event that such securities owned by Client are selected and redeemed, the Account will be credited with the proceeds. Should Client wish not to be subject to this random selection process, Client must instruct LPL to register and deliver the securities to Client. Delivery will be effected provided that Client's securities are unencumbered or have not already been called prior to the receipt of Client's instructions. If Client takes delivery of the securities, they are still subject to call by the issuer and they will no longer be considered assets in the Account for management purposes. The probability of one of Client's securities being called is the same whether they are held by Client or by LPL for Client. Please refer to the "Marketing & Trading Disclosures" section on lpl.com/disclosures.html for LPL's Call Securities Lottery Disclosure. In addition, a detailed description of the random selection procedure is available upon request.

Consistent with the overriding principle of best execution, LPL directs orders in ETFs to market centers or exchanges based on an analysis of their ability to provide timely, quality executions. In an effort to obtain best execution for ETFs LPL may consider several factors, including, but not limited to, price improvement opportunities (executions at prices superior to the then prevailing inside market on OTC or national best bid or offer for listed securities).

In certain cases a Model Portfolio may consist only of ETFs or Mutual Funds within the same fund family or within affiliated fund families. These Model Portfolios are typically identifiable since the name of the fund family is included in the name of the Model Portfolio. In such a Model Portfolio, the Portfolio Strategist will select only those funds within the fund family or affiliated fund families.

If Client is a participant in an employer-sponsored retirement plan such as a 401(k) plan, and decides to roll assets out of the plan into the Account, LPL has a financial incentive to recommend that Client invest those assets in the Account, because LPL will be paid on those assets, for example, through advisory fees. You should be aware that such fees likely will be higher than those a participant pays through a plan, and there can be maintenance and other miscellaneous fees. As securities held in a retirement plan are generally not transferred to the Account, commissions and sales charges may be charged when liquidating such securities prior to the transfer, in addition to commissions and sales charges previously paid on transactions in the plan. However, this conflict of interest is mitigated by LPL's policy prohibiting its IARs from recommending clients roll out of retirement plan accounts into an LPL IRA, though IARs may assist by educating clients on their options as well as various pros and cons of initiating a roll out of a plan and may recommend how assets be invested after the client has determined to roll out of a plan.

Plan to IRA Rollovers. If Client is a participant in an employer-sponsored retirement plan such as a 401(k) Plan, and decides to roll assets out of the plan into the Account, LPL and LPL IARs have a financial incentive to encourage Client to invest those assets in the Account, because LPL and LPL IAR will be paid on those assets, for example, through advisory fees. Client should be aware that such fees likely will be higher than those a participant pays through an employer-sponsored plan, and there can be maintenance and other miscellaneous fees. As securities held in employer-sponsored plans are generally not transferrable to the Account, commissions and sales charges may be charged when liquidating such securities prior to the transfer, in addition to commissions and sales charges previously paid on transactions in the plan. This conflict of interest is mitigated by LPL's policy regarding rollovers from an employer-sponsored plan into an LPL individual retirement account ("IRA").

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

LPL and LPL IARs may assist Clients contemplating a rollover by providing general investment education to assist plan participants in making informed investment decisions about the distribution options available to them. LPL's educational services are intended to be consistent with the Department of Labor's Interpretive Bulletin 96-1. LPL is not acting in a fiduciary capacity under ERISA when providing educational services. The general investment education provided is not intended to be viewed or construed as a suggestion for Client to take a particular course of action with respect to employer-sponsored plan assets (including, a distribution therefrom). With respect to employer-sponsored plan rollovers, LPL makes information available that outlines the many factors Client should consider (including the types of fees and costs of an IRA and IRA investments) before making a decision. IARs may also agree to assist Clients seeking a recommendation on whether to roll out of their employer-sponsored plan based on an analysis of the Client's personal financial needs, savings objectives and other financial and non-financial considerations, that is designed to determine whether such is in the Client's best interest under ERISA.

IRA to IRA Transfers. If LPL or LPL IAR recommends that Client move assets from an LPL brokerage IRA account or an IRA account at another financial institution into the Account, they are required to consider, based on the information Client provides, whether Client will be giving up certain investment-related benefits, such as the effects of breakpoints or rights of accumulation, and has determined that the recommendation is in Client's best interest because (1) greater services and/or other benefits (including discretionary management, trust services, holistic advice and planning, and automatic account rebalancing) can be achieved with the Account; (2) access to your chosen financial professional and asset consolidation (in the case of a transfer from another financial institution)' and (3) the asset based fees and transaction charges are justified by these services and features.

Notwithstanding whether a recommendation has been made, Client understands and agrees that with respect to any assets Client decides to move into the Account, Client must: (1) evaluate the investment and non-investment considerations important to Client in making the decision; (2) review and understand the fees and costs associated with the Account; (3) recognize that higher net fees (if applicable) will reduce Client's investment returns and ultimate retirement assets; and (4) understand the conflicts of interest raised by the financial benefits to LPL and its IARs resulting from Client's decision to move assets into the Account.

8. LIMITATION OF LIABILITY AND INDEMNIFICATION

Neither LPL nor IAR has made, or is making, any guarantee about the future performance of the Account, including, without limitation, any guarantee of a specific level of performance, the success of any given investment decision or strategy that LPL and/or IAR may recommend or undertake on Client's behalf, or the success of the overall management of the Account. There may be loss or depreciation of the value of any investment due to the fluctuation of market values or numerous other factors. In addition, there can be no guarantee or representation that Client's investment objectives will be achieved and Client agrees that neither LPL nor IAR are responsible and/or liable for any failure to achieve such investment objectives.

To the fullest extent allowed under applicable law and except as otherwise provided for in this Agreement, none of LPL, IAR or their respective officers, directors, employees, or affiliates or any employees, contractors, directors, suppliers or representatives (each of the foregoing, including but not limited to LPL and IAR, being the "Indemnified Parties") are liable:

- (i) for any loss incurred with respect to the Account, except where such loss directly results from an Indemnified Party's negligence or misconduct;
- (ii) for decisions and/or actions that you take or authorize third parties to take on your behalf based on information you see on Account View;
- (iii) for any loss or loss of profits caused, directly or indirectly, by government restrictions, exchange or market rulings, suspension of trading, lack of access to or latency of trading systems, rioting, mayhem, acts of terrorism, war, strikes, fire, flood, outbreak of sickness or disease, software viruses, cyberattacks, information technology failures and similar issues, including lost and corrupted or misappropriated data or other conditions beyond LPL's or IAR's control, to the extent losses are not otherwise covered by the LPL Cyber Fraud Guarantee, which can be viewed at lpl.com; or

- (iv) under contract, tort, strict liability, negligence or any other legal or equitable theory with respect to Account View, the Program and/or Content (as defined below): (1) for any lost profits, data loss, cost of procurement of substitute goods or services, or special, indirect, incidental, punitive, or consequential damages or any kind whatsoever (however arising); or (2) for any damages or losses of any kind whatsoever arising from or in connection with any bugs, viruses, Trojan horses, or the like (regardless of the source).

Client shall defend, indemnify, and hold harmless the Indemnified Parties from all liabilities, claims, and expenses, including, without limitation, judgments, fines, amounts paid or to be paid in settlements, and reasonable attorneys' fees incurred or suffered by an Indemnified Party: (i) in connection with the good faith performance of such Indemnified Party's responsibilities to Client under this Agreement; (ii) that arise from or relate to Client's use or misuse of, or access to, Account View, the Program, Content, or otherwise from any content that you post to Account View; (iii) that arise from or relate to Client's breach of this Agreement; (iv) that arise from or relate to infringement by Client, or any third party using the Account, of any intellectual property or other right of any person or entity; or (v) that arise from or relate to Client's provision of incomplete or inaccurate Client information. Notwithstanding the foregoing, an Indemnified Party will not be indemnified for losses resulting from his, her, or its negligence or violation of applicable laws. LPL reserves the right to assume the exclusive defense and control of any matter otherwise subject to indemnification by Client, in which event Client will assist and cooperate with the Indemnified Parties in asserting any available defenses. If Client is a California resident, Client waives California Civil Code Section 1542, which says: "A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor." If Client is a resident of another jurisdiction, Client waives any comparable statute or doctrine.

Notwithstanding the foregoing, certain federal and state securities laws and ERISA impose liability under certain circumstances on persons who act in good faith. Consequently, nothing in this Agreement shall, in any way, constitute a waiver or limitation of any rights that Client may have under federal or state securities laws or ERISA.

Client acknowledges and understands that neither LPL nor IAR provide tax, accounting, or legal advice. Client acknowledges that certain ETFs may be subject to unique tax consequences such as K-1 tax reporting and tax treatment for collectibles. In making tax, accounting or legal decisions, Client will consult with and rely on Client's own advisors and not LPL or IAR, and LPL and IAR shall have no liability therefore.

LPL is a member of the Securities Investor Protection Corporation ("SIPC"). SIPC provides protection for the Account for up to \$500,000, including \$250,000 for claims for cash. The account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities customers, but it does not protect against losses from the rise and fall in the market value of investments. More information on SIPC, including obtaining a SIPC Brochure, may be obtained by calling SIPC directly at (202) 371-8300 or by visiting www.sipc.org.

9. ASSIGNMENT/TERMINATION

This Agreement may not be assigned or transferred in any manner by any party without the consent of all parties receiving or rendering services hereunder; provided that LPL may assign this Agreement upon consent of Client in accordance with the Investment Advisers Act of 1940, as amended (the "Advisers Act"). In addition, LPL may add or replace the IAR servicing the Account without Client consent.

This Agreement may be terminated by any party effective upon receipt of written notice, delivered in accordance with the provisions of Section 18, to the other parties or by Client calling the operational support desk at such phone number posted on Account View ("Termination Date"). In the event that Client's country of residence or citizenship changes, such notification to LPL as required under Section 4 above may result in termination of his or her account by LPL if LPL does not service accounts in the new jurisdiction. In addition, if Client revokes his or her consent to electronic delivery of Communication under Section 18 below, such revocation will be deemed to be a notice from Client to terminate his or her account. If LPL has not received from Client all required forms in good order within the timeframe required by LPL from the day Client submits its Account Application, LPL will discard the Account Application and terminate the Account immediately. In addition, if Client's Account

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

has not reached the required minimum value within the timeframe required by LPL, LPL will terminate the Account immediately. LPL will deactivate the Account if Client does not create a profile in Account View within the time period prescribed to Client by LPL. Inception begins when all paperwork is received in good order and Account value is equal to or greater than the required minimum.

Client understands and agrees that after the Termination Date, the Account will be deactivated. In a deactivated account, no advisory fees are charged, and the IAR has no responsibility to provide ongoing investment advice. LPL will deliver securities and funds held in the Account as instructed by Client. Client may also request that the Account be liquidated either in whole or part. If upon termination, Client does not provide LPL with instructions to deliver the securities and funds held in the Account within 60 days, LPL may at its discretion (i) disburse certificates of outstanding securities from the Account to Client; (ii) notify the transfer agent that LPL no longer custodies or services Account assets and they will thereafter remain at the transfer agent until Client instructs them otherwise; or (iii) liquidate the Account and disburse the funds to Client by check, subject to applicable law.

In the event Client withdrawals cause the Account asset value to fall below the required minimum for a period of 30 days, Client understands that the Account will be deactivated. Withdrawals from the Account may be made to the extent that the Account value does not fall below the required minimum. Withdrawal requests for Accounts with a value at the required minimum or less will result in Account deactivation.

Client will be entitled to a prorated refund of any pre-paid quarterly Account Fee based upon the number of days remaining in the quarter after the Termination Date.

If the Account is closed within the first six months by Client or as a result of withdrawals which bring the Account value below the required minimum value, LPL reserves the right to retain the pre-paid quarterly Account Fee for the current quarter in order to cover the administrative cost of establishing the Account which may include costs to transfer positions into and out of the Account, data entry costs to open the Account, costs associated with reconciling of positions in order to issue performance information, and the cost of re-registering positions.

In the case of an Account held by an individual, this Agreement shall terminate upon death of Client; provided, however, that LPL's authority under this Agreement shall remain in full force and effect until such time as LPL has been notified otherwise in writing by the authorized representative of Client or Client's estate.

Termination of the Agreement will not affect the liabilities or obligations of the parties in respect of transactions initiated prior to termination.

10. CONFIDENTIALITY

LPL and IAR will keep Client information confidential and will not use or disclose it to others without Client's prior consent except as described in LPL's privacy policies. Client acknowledges, understands, and agrees that for our mutual protection, LPL may electronically record telephone conversations. Client agrees not to record any telephone conversation without express written authorization of LPL and the individual(s) engaged in the conversation.

11. SEVERABILITY

If any provision of this Agreement shall be held or made non-enforceable by a statute, rule, regulation, decision of a tribunal or otherwise, such provision shall be automatically reformed and construed so as to be valid, operative and enforceable to the maximum extent permitted by law or equity while most nearly preserving its original intent. The invalidity of any part of this Agreement shall not render invalid the remainder of this Agreement and, to that extent, the provision of this Agreement shall be deemed to be severable.

12. VALUATION

In computing the market value of any security or other investment in the Account, each security listed on a national securities exchange shall be valued, as of the valuation date, at the closing price on the principal exchange on which it is traded. Any

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

other security or investment in the Account shall be valued in a manner determined in good faith by LPL to reflect fair market value. For any assets purchased within the Account, the cost basis is the actual purchase price. For any assets transferred into the Account, original purchase price is used as the cost basis to the extent such information was submitted by Client or a prior service provider to LPL. It is Client's responsibility to advise LPL immediately if the cost basis information is portrayed inaccurately. Statement calculations and figures should not be relied upon for tax purposes.

13. GOVERNING LAW

This Agreement shall be construed under the laws of The Commonwealth of Massachusetts in a manner consistent with the Advisers Act and the rules and regulations of the Securities and Exchange Commission thereunder (and ERISA, where applicable).

14. RECEIPT OF DISCLOSURE DOCUMENTS

Client acknowledges receipt of LPL's Relationship Summary, Guided Wealth Portfolios Form Brochure, and IAR's Brochure Supplement as required under the Advisers Act. Client understands the investment approach, related risk factors, and the fees associated with investing in the Account. This Agreement will not take effect until LPL has accepted the Account.

15. ENTIRE AGREEMENT/AMENDMENT

This Agreement represents the entire agreement between the parties with respect to the subject matter contained herein. This Agreement may be amended by LPL upon thirty days' notice to Client. To access the most current version of this Agreement, please reference lpl.com/disclosures.html.

16. ACCOUNT APPLICATION

The Account Application, incorporated herein by reference and made a part of this Agreement, must be completed in full by IAR and Client and the accuracy of its contents is hereby acknowledged by Client. Client further acknowledges that it is Client's responsibility to provide LPL and IAR with updated information as necessary and that LPL and IAR have the right to rely on this information. Client will provide such updates by updating his or her investor profile questionnaire, direct email to IAR or telephone call to IAR or by contacting the operational support desk at such phone number posted on Account View and indicating Client has an agreement with LPL. By signing the Account Application, Client agrees to the terms and conditions of this Agreement. LPL may accept the Account electronically.

Important information about procedures for opening this Account: To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. Client is required to provide the following information, among other items, on the Account Application: name, address, date of birth and other information that will allow LPL to confirm Client's identity. In addition, IAR may also ask to see a valid driver's license or other identifying documents.

17. AUTHORIZATION TO DEBIT ACCOUNT

Client hereby authorizes LPL to debit all Account Fees payable pursuant to Section 6 directly from the Account. It is agreed by Client and LPL that the Account Fee will be payable, first, from free credit balances, if any, in the Account, and second, from the liquidation or withdrawal (which Client hereby authorizes) by LPL of Client's balances in money market funds or the ICA or DCA, as the case may be. LPL reserves the right to liquidate at any time a portion of the other assets in the Account to cover the Account Fee or other charges.

18. NOTICES AND COMMUNICATIONS

To the extent permitted by applicable law, notices and communications may be sent to Client through mail, overnight express delivery, electronically or posted to Account View or another password-protected site, at LPL's or IAR's discretion. Client hereby consents to electronic delivery of all current and future Form ADVs, brochure supplements, privacy notices, prospectuses and offering documents, proxy statements, tax forms, legal and regulatory notices and disclosures, and other communications

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

(collectively, "Communications") delivered or provided by LPL or IAR in connection with the services provided under this Agreement. Notices and Communications will be sent to the electronic address, which includes a telephone number ("E-Address"), shown on the Account Application or at such other E-Address as Client may hereafter provide to LPL in accordance with procedures LPL may establish from time to time. In the event notices and Communications are to be posted to Account View or another password-protected site, LPL and/or IAR will, to the extent required by law, send a notification to the E-Address directing Client to the posting. The E-Address must be a valid e-mail address or telephone with text (SMS) messaging capability. Client acknowledges that LPL and IAR intend to send virtually all documents and other notices and Communications to Client electronically. To the extent permitted by applicable law, notices and Communications will be deemed delivered when sent, whether actually received or not, unless LPL has notice of non-delivery. Notices and Communications posted to an online location by LPL will be deemed to be delivered to, and received by, Client at the time that LPL sends notice to Client in accordance with this Agreement that the notice or Communication is posted online and available for review.

Communications may include text (SMS) messages, which may be informational, transactional, or commercial (marketing) in nature and which may be sent using an automatic telephone dialing system, from or on behalf of LPL or IAR. By completing the Account Application and providing a telephone number to LPL and/or IAR, Client provides consent for LPL and/or IAR to send communications by text (SMS) message. Client may be charged by his or her wireless service provider in connection with receipt of such messages. Client may stop the receipt of text (SMS) messages by contacting their IAR.

Client's consent to electronic delivery of all notices and Communications is effective immediately and Client agrees that Client's access to the services provided under this Agreement is conditioned on Client's consent to electronic delivery. If Client does not wish to receive notices and Communications electronically, or if Client wishes to revoke this electronic consent at any time, please contact IAR via email or phone or contact the operational support desk at such phone number posted on Account View. However, if Client revokes his or her consent, such revocation will be deemed to be a notice from Client to terminate his or her account. Client agrees that his or her revocation of consent will not affect the legal effectiveness, validity, or enforceability of any previous electronic delivery.

LPL and IAR may, at their option, send notices and Communications to Client electronically either:

- to Client's E-Address, or
- by posting the information online and sending Client a notice to Client's postal address or E-Address telling Client that the information has been posted and providing instructions on how to view it.

Client agrees that, for so long as Client is a user of Account View and the Program, Client will ensure that LPL and IAR have a valid E-Address for Client. Client agrees that Client will notify LPL and the IAR immediately in the event of a change to Client's postal address or E-Address by contacting IAR via email or phone or contacting the operational support desk at such phone number posted on Account View. Until LPL and IAR have received and had a reasonable time to act on any notice of a change, such parties may continue to send notices and Communications to Client's previous E-Address. Client hereby represents that he or she has access to a computer with adequate hardware and software capability to access any notices and Communications sent or posted electronically, including Internet access, a valid e-mail address and a printer or other device to download and save any information Client wishes to retain. Client is aware that there may be other costs associated with that use (such as Internet access fees, phone charges, printing costs, etc.) for which you are responsible.

Unless otherwise provided herein, all notices and Communications to LPL or the IAR must be provided in writing at LPL's or the IAR's postal address, as applicable, and as such address may be updated by notice to the other parties from time to time. Any notice Client sends LPL or IAR will not be effective until actually received. Client assumes the risk of loss in the mail or otherwise in transit.

As part of the Program, Client is automatically signed up for various types of E-Address alerts. Client can customize, modify or de-activate certain alerts at any time on Account View. However, LPL and IAR may still send notices and Client Communications as provided for in this Agreement regardless of whether Client has de-activated alerts. LPL and IAR may modify the alerts that are available or stop providing them without prior notice to Client. Because alerts are not encrypted, they will not contain

Client's password. However, alerts may include Client's User ID and/or information about your portfolios. Client acknowledges that anyone with access to Client's E-Address will be able to view the content of these alerts. Client also acknowledges that alerts may be delayed or prevented by a variety of factors. LPL and IAR will endeavor to provide alerts in a timely manner but do not guarantee the delivery or accuracy of any alert. Client agrees that LPL and IAR will not be liable (i) for any delays in delivery or failure to deliver any alert; (ii) for any errors in the content of an alert; or (iii) for any actions taken or not taken by Client or any third party in reliance on or in response to an alert.

19. INTELLECTUAL PROPERTY PROTECTION

Client agrees that the Program and Account View contain Content (as defined below) provided by LPL and IAR or by others and that such Content is or may be protected by copyrights, trademarks, service marks, patents, trade secrets or other proprietary rights and laws. Client agrees to abide by all copyright notices, information, and restrictions contained in any Content accessed through Account View. Client agrees not to, directly or indirectly, sell, license, rent, modify, distribute, copy, reproduce, transmit, publicly display, publicly perform, publish, adapt, edit, create derivative works from, or otherwise exploit any Content or any other submissions or other proprietary rights not owned by Client (i) without the consent of the respective owners or other valid right, and (ii) in any way that violates any third party right. For purposes of this Agreement, "Content" includes but is not limited to recommendations (excluding specific investment recommendations that are generated based on Client's individual Investment Allocation Track), suggestions, blogs or forum comments, links, information, data, text, photographs, software, scripts, graphics, and interactive features generated, provided or otherwise made accessible by LPL or IAR or by others who are outside the control of LPL or IAR.

Client may, to the extent Account View or a website of a third party (where applicable) expressly authorizes Client to do so, download or copy Content, and other items displayed on the applicable website for download, for personal use only, provided that Client maintains all copyright and other notices contained in such Content. Client agrees not to store any significant portion of any Content in any form. Copying or storing of any Content for other than personal, noncommercial use is expressly prohibited without prior written permission from the copyright holder identified in such Content's Copyright notice.

20. DISCLAIMERS

Neither LPL nor IAR makes any representation concerning any Content contained in or accessed through Account View or the Program, and neither LPL nor IAR shall be responsible or liable for the reliability, timeliness, quality, suitability, availability, accuracy, completeness, copyright compliance, legality, or decency of any Content. Client should independently verify all Content and other information that Client accesses through Account View or the Program. By accessing Account View and using the Program, Client agrees that neither LPL nor IAR shall be responsible for: (i) any Content; (ii) any person's reliance on any such Content, whether or not correct, current and complete; or (iii) the consequences of any action that Client or any other person takes or fails to take based on any Content. Client's use of or reliance on any Content is at Client's own risk.

The Content is provided "As Is" and "As Available" and is without warranty of any kind, express or implied, including, but not limited to, the implied warranties of title, non-infringement, merchantability and fitness for a particular purpose, and any warranties implied by any course of performance or usage of trade, all of which are expressly disclaimed.

LPL, IAR, and their respective affiliates, directors, employees, agents, suppliers, partners and content providers do not represent and/or warrant that: (i) Account View, the Program and/or Content will be secure or available at any particular time or location; (ii) the use of Account View, the Program, and/or Content will be secure, timely, uninterrupted or error-free, or operate in a combination with any other hardware, software, system or data; (iii) any defects or errors will be corrected; (iv) any Content or software available at or through Account View is free of viruses or other harmful components; or (v) the results of using the Program or Account View will meet Client's requirements or expectations. Client's use of Account View, the Program and/or Content is solely at Client's own risk. Account View, the Program, and/or the Content may be subject to limitations, delays, and other problems inherent in the use of the Internet and electronic communications, and neither LPL nor IAR are responsible for any delays, delivery failures, or other damage resulting from such problems.

The foregoing warranty disclaimers will apply to the extent allowed by applicable law. Electronic Communications Privacy Act Notice (18 USC 2701- 2711): Except as provided for in the Privacy Notice delivered to Client from time to time: (i) Neither LPL nor IAR make any guarantee of confidentiality or privacy of any communication or information transmitted on Account View or any other sites referenced to in or linked to this Agreement; and (ii) Neither LPL nor IAR will be liable for the privacy of e-mail addresses, registration and identification information, disk space, communications, confidential or trade-secret information, or any other Content stored on our equipment, transmitted over networks accessed by Account View, or otherwise connected with Client's use of Account View, the Program and/or the Content.

Neither LPL nor IAR makes any representation that Account View, the Program, or the Content is appropriate or available for use in locations outside of United States, or that accessing Account View is legally permitted in countries or territories where Account View, the Program, and such Content may be illegal. If Client accesses Account View from other locations, Client does so at his or her own risk and is responsible for compliance with local laws. **Client consents to the processing of their data in the United States under U.S. law regardless of Client's physical location.**

21. AUTOMATIC CASH SWEEP PROGRAM

By signing the Account Application, Client is selecting and agreeing, with respect to assets held at LPL, to have cash balances in the Account transferred automatically into a sweep program, depending on the type of Account. Below is a summary of the general terms and conditions of the sweep programs offered by LPL.

The applicable sweep program will be implemented upon LPL's acceptance of the Account, as discussed above. Pending our acceptance, cash balances not otherwise invested at your direction will be held in your Account as a free credit balance, as discussed more fully below.

Multi-Bank Insured Cash Account ("ICA") or Deposit Cash Account ("DCA") Program General Terms and Conditions

If the Account is eligible for the ICA or DCA program, you hereby authorize and direct LPL to automatically deposit available cash balances (from securities transactions, dividend and interest payments, deposits and other activities) in the Account into interest-bearing Federal Deposit Insurance Corporation ("FDIC") insured deposit accounts ("Deposit Accounts") at one or more banks or other depository institutions (each, a "Bank"), as provided for in such programs. In selecting the ICA or DCA program for your eligible Account, you agree that: you have independently chosen the ICA or DCA program for your Account, fees of LPL and the program administrator, as discussed below, are reasonable and appropriate for the services being provided under the program, you have reviewed the ICA Disclosure Booklet or the DCA Disclosure Booklet (as applicable) and you have not relied on the advice or recommendation of LPL or IAR in making this selection. You understand and agree that LPL and IAR have no obligations to consider, choose or recommend alternative sweep products to the one you have chosen.

Eligibility. The ICA program is available for accounts of individuals, trusts, sole proprietorships, and entities organized or operated to make a profit, such as corporations, partnerships, associations, business trusts, and other organizations. In the future, LPL may, at its sole discretion, make additional account types eligible for the ICA program or may choose to treat an otherwise eligible person as ineligible if LPL becomes aware that the person is prohibited as a matter of law from holding balances at any Bank. The DCA program is available only to IRAs subject to Section 4975 of the Code in certain LPL advisory programs, including traditional, rollover, Roth, inherited IRAs, and Coverdell education savings accounts (ESAs) held by an eligible person. Please note that if your IAR is located at a bank that offers a SBICA (as defined below), you are not eligible for the ICA, but eligible Accounts will still participate in the DCA Program. Please consult your IAR for additional details concerning eligibility.

FDIC Insurance. Cash balances deposited through the ICA or DCA program are eligible for insurance by the FDIC up to \$250,000 in principal and accrued interest per depositor for each FDIC-defined ownership category in an individual bank. As your agent, LPL will sweep cash out of your LPL Account and into the participating Banks, subject to certain capacity limits, but not to exceed the maximum levels of insurance as defined by the FDIC per category. LPL will limit your total deposit at any participating Bank to allow for the monthly interest being applied to your Account in an effort to maintain deposit levels that do

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

not exceed the maximum levels of insurance (as defined by the FDIC per category). Should your assets reach the maximum amount of insurance as defined by the FDIC per category, LPL will continue to place funds with other participating Banks to provide the maximum deposit insurance limits established for ICA or DCA. To view the current program maximum deposit insurance limits for ICA or DCA, which assumes that you hold no FDIC insured deposits at a Bank other than through ICA or DCA and that all Banks have capacity to accept additional deposits, see the ICA or DCA Current Interest Rate pages on lpl.com/disclosures.html under “Automatic Cash Sweep Programs and SIPC Coverage” and “FDIC-Insured Bank Deposit Sweep Programs (LPL ICA and DCA).” After you reach the ICA or DCA program’s maximum insurance coverage for you, which is subject to Bank capacity limits and your decision to opt out of one or more Banks, any additional cash will be deposited into one or more of the Excess Banks (as defined in the applicable ICA or DCA Disclosure Booklet). Additional cash held through the ICA or DCA program that is above the ICA or DCA program’s maximum insurance coverage for you will not be eligible for FDIC deposit insurance. Cash held uninvested or invested in a money market mutual fund is not eligible for FDIC deposit insurance, but is eligible for protection by the SIPC. Deposit Accounts are not protected by the SIPC. LPL itself is not an FDIC-insured depository institution. The FDIC’s deposit insurance coverage only protects against the failure of an FDIC-insured depository institution. Pass-through insurance coverage is subject to conditions. Please see the ICA Disclosure Booklet and the DCA Disclosure Booklet, as applicable, for more information. A list of applicable banks into which your cash may be deposited is available by visiting <https://www.lpl.com/disclosures/lpl-financial-fdic-insured-bank-deposit-sweep-programs.html> and following the links for the applicable bank lists based upon your account type, or ask your financial professional for this information.

The ability of the ICA and DCA program to sweep your uninvested cash into Bank Deposit Accounts depends, however, on the capacity of the Banks to accept new deposits. “Overflow Balances” are cash in the ICA or DCA in excess of the applicable program maximum FDIC insurance limits or cash for which there is insufficient deposit capacity in the ICA or DCA Banks. When Overflow Balances exist, LPL will temporarily deposit into one or more of the Banks in excess of FDIC coverage limits resulting in deposits not being eligible for FDIC insurance or will otherwise use the overflow mechanisms described below. When Bank capacity is restored, your funds are re-allocated to Banks within the program to fully insure your assets up to the program maximum.

Lack of Deposit Availability or FDIC Insurance; Overflow Mechanisms. If there are Overflow Balances in ICA, such balances may be placed into an “overflow” Client Cash Account; such balances are considered to be “free credit balances” and represent a direct liability of LPL to Client. LPL will pay you interest on such balances in an amount equal to the rate otherwise payable on cash balances in ICA. Please see the disclosures below regarding Free Credit Balances.

If there are Overflow Balances in DCA, such balances may be placed into an “overflow” money market mutual fund. You hereby authorize LPL to direct such DCA Overflow Balances held in your Account to the Goldman Sachs Asset Management (“GSAM”) Financial Square Government Fund. LPL receives compensation of up to 0.45% annually of LPL client assets invested in GSAM from the money market fund sponsor in connection with recordkeeping fees and other compensation. Please see the other disclosures below regarding Money Market Mutual Sweep Funds for additional disclosures applicable to Overflow Balances invested in GSAM.

Interest. In both the ICA and DCA program, Client will earn the same rate of interest for the respective program as stated on lpl.com/disclosures.html regardless of the Bank in which the Client deposits are held. Interest will accrue daily on balances from the day funds are deposited into a Bank through the business day preceding the date of withdrawal from that Bank. In the ICA program, interest will be compounded daily and credited monthly. In the DCA program, interest is credited to the Client Account monthly (or when you close the Account, if done prior to month-end). This process is described in more detail in the ICA Disclosure Booklet or DCA Disclosure Booklet (as applicable) available from IAR or on lpl.com/disclosures.html. The interest rates paid are determined by the amount the Banks are willing to pay minus the fees paid to LPL and other parties for administering the program. The interest rates accruing on funds may change as frequently as daily without prior notice. The most up-to-date interest rates are found on lpl.com/disclosures.html. Different rates apply for amounts invested in money market mutual funds.

Fees. In the ICA program, LPL receives a fee equal to a percentage of the average daily deposit balance in each ICA Deposit Account. The fee paid to LPL will be at an annual rate of up to an average of 600 basis points as applied across all ICA Deposit

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

Accounts taken in the aggregate. In the DCA program, LPL receives a flat fee per account with the fee indexed to the Fed Funds Target (FFT) interest rate. If the FFT interest rate is represented as a range, then the FFT interest rate will equal the midpoint of such range rounded up to the nearest basis point. For details on how the fees are determined, please reference the ICA Disclosure Booklet or DCA Disclosure Booklet (as applicable) available from IAR or on lpl.com/disclosures.html.

Tax Information. In the ICA program, for most clients, interest earned on deposits in the Deposit Accounts will be taxed as ordinary income in the year it is received. A Form 1099 will be sent to Client each year showing the amount of interest income Client has earned on deposits in the Deposit Accounts. In the DCA Program, for most clients, interest earned on deposits in Deposit Accounts will generally not be taxed in the year earned. Tax interest earned by your IRA is generally not taxed until you take a distribution, and may not be liable to tax if your IRA is a Roth IRA, subject to certain conditions. Client should consult with a tax advisor about how the ICA or DCA program, as applicable, affects Client.

Termination of Participation. You can terminate your Account's participation in the ICA or DCA program, as applicable, upon notice to LPL. If you terminate your participation in ICA or DCA, your cash that would have been eligible for the sweep programs will be treated as a "free credit balance" and represent a direct liability of LPL to you. Please see the disclosures related to free credit balances reflected below.

More Information. For more specific information about the terms and conditions of the ICA or DCA program, please see the ICA Disclosure Booklet or DCA Disclosure Booklet (as applicable) available from IAR or on lpl.com/disclosures.html.

Single Bank Insured Cash Account Program ("SBICA") General Terms and Conditions

If IAR is located at a bank that offers a SBICA, you hereby authorize and direct LPL to automatically deposit available cash balances (from securities transactions, dividend and interest payments, deposits, and other activities) in your account into an interest-bearing bank deposit account at that bank that is generally insured by the FDIC up to \$250,000 for individuals and \$500,000 for joint accounts. SBICA accounts are not protected by the SIPC. LPL itself is not an FDIC-insured depository institution. The FDIC's deposit insurance coverage only protects against the failure of an FDIC-insured depository institution. Pass-through insurance coverage is subject to conditions. Please see the applicable SBICA Disclosure Booklet for more information.

Fees. In the case of a SBICA program, LPL receives a fee from the bank of up to 0.50% of the LPL client assets deposited at the bank under the program for its sweep processing services.

Tax Information. For most Clients, interest earned on deposits in the SBICA accounts will be taxed as ordinary income in the year it is received. A Form 1099 will be sent to Client each year showing the amount of interest income Client has earned on deposits in the SBICA accounts. Client should consult with a tax advisor about how the SBICA program affects Client.

More Information. For additional information on the SBICA, please see the applicable disclosure booklet available from IAR.

Money Market Mutual Fund Sweep Program General Terms and Conditions

Eligibility. If the Account is not eligible for an ICA or DCA, or SBICA, or you have been notified that your Account will be eligible for money market sweep through a negative consent letter in connection with a transfer of your Account to LPL from another firm, you hereby authorize and direct LPL to automatically invest available cash balances (from securities transactions, dividend and interest payments, deposits, and other activities) in shares of a money market mutual fund. If Client's Account is a non-retirement account, and a specific Sweep Fund is not otherwise directed by you, you hereby authorize LPL to direct the cash balances held in your Account to the J.P. Morgan U.S. Government Money Market Fund (unless you own a foreign account and then it will be the J.P. Morgan U.S. Treasury Liquidity Fund). A non-retirement account is one not held by an ERISA Plan or otherwise subject to Section 4975 of the Code. Contact IAR to learn about the specific share class you will be invested in or to learn about other Sweep Funds that may be available.

No FDIC Insurance. Investments in money market mutual funds are not guaranteed or insured by the FDIC or any other government agency. Although money market mutual funds seek to preserve a net asset value of \$1.00 per share, there is no

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

guarantee that this will occur. LPL is a member of SIPC. For accounts held at LPL, SIPC provides account protection up to a maximum of \$500,000 per client, of which \$250,000 may be claims for cash. This account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities customers, but it does not protect against losses from the rise and fall in the market value of investments. More information on SIPC, including obtaining a SIPC Brochure, may be obtained by calling SIPC directly at (202) 371-8300 or by visiting www.sipc.org.

Fees. LPL receives compensation of up to 1.00% annually of LPL client assets invested in the Sweep Funds from the money market fund sponsor in connection with 12b-1 fees, recordkeeping fees and other compensation.

More Information. For more complete information about any of the Sweep Funds available under this sweep program, including all charges and expenses, please contact IAR for a free prospectus. Client may obtain information with respect to the current yields available on the Sweep Funds by contacting IAR.

Changes to Sweep Programs

LPL may make changes to the sweep programs, for example, to replace one Sweep Fund with another money market mutual fund or to adjust its overflow mechanisms. If the Account is not eligible for the ICA, DCA, or SBICA program, but later becomes eligible for one of the programs, LPL may switch the sweep program from the money market mutual fund sweep program to the ICA, DCA or SBICA program. Client will be provided with notice of such change prior to the effective date of the change.

Alternatives to Sweep Programs

Shares in the money market mutual funds that LPL offers as a non-sweep investment alternative may be purchased by IAR. Cash balances in the Account, however, will not be automatically swept into these money market mutual funds. Debits in the Account will be paid automatically from available cash balances in the Account and then from funds in the sweep programs. In the event there are no funds available in these accounts to cover debits, Client or IAR would need to liquidate separately purchased money market fund holdings or other securities to cover the required debits.

Free Credit Balances

Your selection of a sweep program above will not be effected until your Account paperwork has been accepted by LPL as being in good order, or, in the case of an account converting via negative consent to LPL, at the time your Account transfers to LPL. Until such time, available cash balances (from securities transactions, dividend and interest payments, deposits and other activities) will not be automatically swept and will be held as a free credit balance. A free credit balance is a liability of LPL and payable to the Account on demand. Interest will not be paid to the Account on free credit balances, other than for ICA Overflow Balances maintained in Client Cash Accounts. Unless Client notifies LPL to the contrary, it is LPL's understanding that any free credit balances held in your Account are pending investment.

Free credit balances may be used by LPL in the ordinary course of its business subject to the requirements of Rule 15c3-3 under the Securities Exchange Act of 1934. The use of client free credit balances generally generates revenue for LPL in the forms of interest and income, which LPL retains as additional compensation for its services to its clients. Under these arrangements, LPL will generally earn interest or a return based on short-term market interest rate prevailing at the time.

Further Information

For further information about LPL's sweep programs or the Account, please contact IAR.

22. RIGHT TO ADVOCATE AND REFUSAL TO ACCEPT ORDERS

LPL shall have the right at its sole discretion to advocate administratively or judicially on your behalf where LPL suspects exploitation of any kind, dementia and/or undue influence.

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

In addition, LPL shall have at its sole discretion the authority to pause or refuse to obey any instructions or orders for, including but not limited to, transactions, disbursements, or account transfers. For UTMA or UGMA accounts in which the beneficiary reaches the age of majority, LPL reserves the right to refuse orders or instructions and to terminate or deactivate the account.

23. TRUSTED CONTACT PERSON DISCLOSURE

You understand by providing a trusted contact person in the Account Application, you give permission to LPL and its associated persons, including your IAR, to use their discretion to contact the trusted contact person and disclose information about you and your Account in order to:

- address concerns that you might be a victim of financial exploitation which could include fraud, coercion, or unauthorized transactions,
- address a temporary hold on a disbursement of funds or securities pertaining to possible financial exploitation or other concerns,
- confirm your current contact information,
- confirm and address your whereabouts and health status, and/or
- confirm the identity of any legal guardian, executor, trustee, holder of a power or attorney, or other person who may be acting on your behalf (such as an attorney or accountant).

24. JOINT AND SEVERAL LIABILITY: JOINT ACCOUNT

If more than one individual is establishing an account with LPL, the obligations of all persons establishing such Account under this Agreement shall be joint and several. If this is a joint account, each of you signing the Account Application and Agreement (each a "joint owner") agrees that each joint owner shall have authority to (a) buy, sell, and otherwise deal in, through LPL as a broker, securities and/or other property, (b) to receive confirmations, statements and communications of every kind related to the Account, (c) to receive and dispose of money, securities and/or other property in the Account, (d) to make, terminate, or modify this Agreement and any other written agreement relating to the Account or waive any of the provisions of such agreements, and (e) generally to deal with LPL as if each of you alone was the sole owner of the Account, all without notice to the other joint owner(s). Each of you agrees that notice to any joint owner shall be deemed to be notice to all joint owners. LPL may follow the instructions of any of the joint owners concerning the Account and make delivery to any of the joint owners of any and all securities and/or other property in the Account, and make payments to any of the joint owners, of any or all moneys in the Account as any of the joint owners may order and direct, even if such deliveries and/or payments shall be made to one of the joint owners personally. LPL shall be under no obligation to inquire into the purpose of any such demand for such deliveries and/or payments.

In the event of the death of any of the joint owners, the surviving joint owner(s) shall immediately give LPL written notice thereof. The estate of any deceased joint owner shall be liable and each survivor will be liable, jointly and severally, to LPL for any debt or loss in the Account resulting from the completion of transactions initiated prior to LPL's receipt of a written notice of such death or debt or loss incurred in the liquidation of the Account or the adjustment of the interests of the joint owners. LPL reserves the right to require written instructions from all Account holders, at its discretion.

25. SURVIVAL

The terms of Sections 8 – "Limitation of Liability and Indemnification", 10 – "Confidentiality", 13 – "Governing Law", 24 – "Joint and Several Liability: Joint Account", and 26 – "Arbitration" shall survive the termination or expiration of this Agreement.

26. ARBITRATION

Client agrees to direct any complaints regarding the handling of the Account to IAR and the LPL Legal Department in writing.

This Agreement contains a pre-dispute arbitration clause. By signing an arbitration agreement the parties agree as follows:

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – ACCOUNT AGREEMENT

- All parties to this Agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award, unless, in an eligible case, a joint request for an explained decision has been submitted by all parties to the panel at least 20 days prior to the first hearing date.
- The Panel of Arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this Agreement.

In consideration of opening one or more accounts for you, you agree that any controversy or claim arising between you and LPL and/or IAR, and their parents, subsidiaries, affiliates, officers, directors, employees, agents, and Third-Party Service Providers (as defined below) (whether or not a FINRA (as defined below) member or associated person), arising out of or relating, in whole or in part, to your Account, transactions with or for you, this Agreement or any other agreement you have entered into with LPL, or the construction, performance, or breach of this Agreement or any other agreement you have entered into with LPL, whether entered into prior, on or subsequent to the date hereof, shall be settled by arbitration to be filed at and to be conducted in accordance with the rules, then in effect, of the Financial Industry Regulatory Authority (FINRA). If the claim or controversy is not arbitrable before FINRA, then such claims shall be filed and adjudicated in a court of competent jurisdiction. To the extent any claim on a class or collective or representative basis is nonarbitrable under the law, then such claims shall be filed and adjudicated in a court of competent jurisdiction, and not in arbitration. A court of competent jurisdiction (and not an arbitrator) shall resolve any dispute about the formation, validity, or enforceability of any provision of this arbitration agreement. Further, in the event of a forum dispute, a court of competent jurisdiction shall determine whether such claim is arbitrable. Any arbitration award hereunder shall be final, and judgment upon the award rendered may be entered in any court, state or federal, having jurisdiction. Nothing in this Agreement requires arbitration of any claim that under the law cannot be made subject to a pre-dispute agreement to arbitrate claims, including any dispute or controversy nonarbitrable under federal law.

This arbitration agreement will be binding upon and inure to the benefit of the parties hereto and their respective representatives, attorneys-in-fact, heirs, successors, assigns, and any other persons having or claiming to have a legal or beneficial interest in any account you maintain at LPL, including court-appointed trustees and receivers. This arbitration agreement will also inure to the benefit of third-party service providers that assist or enable LPL to provide services hereunder including investment and investment product manufacturers and insurance and annuity carriers ("Third-Party Service Providers"), and such Third-Party Service Providers are deemed to be third-party beneficiaries of this arbitration agreement.

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any pre-dispute arbitration agreement against any person who has initiated in court a putative class action; or who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until: (i) the class certification is denied; or (ii) the class is decertified; or (iii) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein.

¹ See account agreements for more information. These fees generally are not based directly on the costs of the transaction or service by LPL, and may include a profit to LPL.

² This fee applies to OMP accounts only and is waived if systematic contributions are set up for the account.

³ A \$10 per quarter fee applies to SAM accounts below \$100,000.

⁴ This fee does not apply to OMP, MWP, PWP, and GWP accounts.

⁵ This fee only applies to IRAs that participate in the DCA Program. This monthly fee is based on a fee schedule tied to current Fed Funds Target Rate as detailed in the DCA Disclosure Booklet located on LPL.com. The current fee can be found at lpl.com. It is expected that this fee will be recouped from the DCA Program Banks and will not be a fee directly applied to your account. For more information, see the DCA Disclosure booklet.

⁶ These fees apply to SAM accounts only.

⁷ A Foreign Transaction Tax is charged by LPL on foreign equity security purchases where the underlying non-U.S. securities are from French or Italian issuers. This tax is levied by the French or Italian governments, and the charge offsets the tax incurred by LPL as a result of executing the transaction on your behalf.

⁸ The charge is \$0 for an ETF whose sponsor participates in LPL's ETF No Transaction Fee Network.

⁹ This charge does not apply to Structured Product purchase transactions.

¹⁰ The charge is \$0 for a Full Participating Fund (a fund that pays a certain level of recordkeeping fees to LPL and/or is part of LPL's Mutual Fund No Transaction Fee Network), \$4.50 for a Participating Fund (a fund that pays a certain level of recordkeeping fees to LPL), and \$26.50 for a Non-Participating Fund (a fund that does not pay recordkeeping fees or pays below a certain level of recordkeeping fees to LPL).

¹¹ Systematic trades will not be subject to any trading costs if a minimum of 4 executions occur. If the execution minimum is unmet, standard trading fees will be applied retroactively. Systematic trades can only be established for existing positions.

ITEM 2 MATERIAL CHANGES

The following is a summary of certain changes made to this Brochure from the time of the most recent annual update dated March 28, 2024. Item 4 was updated to reflect that a client’s cash allocation after reaching the specified date of a Major Purchase Goal increased from up to 30% to up to 70%. Additional risk disclosures were added in Item 6 related to third-party service providers’ or any counterparties’ potential use of artificial intelligence and machine learning. Item 9 was updated to provide information regarding disciplinary events involving (i) a settlement with the SEC that included a \$50 million fine for failing to maintain required records of certain business-related communications; and (ii) a settlement with the SEC that included an \$18 million fine for LPL not following its anti-money laundering policies for its customer identification program and ongoing customer due diligence obligations. Item 9 was also updated to reflect the following setup fee charges payable to LPL by model managers or product sponsors, if applicable to the program: (x) the one-time sponsor-level mutual fund setup fee was reduced from \$40,000 to \$15,000, with the per-fund setup fee increasing from \$5,000 to \$7,500; and (y) up to \$15,000 as a sponsor level due diligence fee for exchange traded products. In addition, Item 9 was updated to disclose conflicts related to LPL’s decision to make certain product sponsors available on the applicable platforms when certain sponsors reimburse LPL for technology development related costs associated with the launch or maintenance of a platform, tool, or service. Item 9 was updated to provide that LPL IARs may assist you by providing rollover investment advice if you are contemplating whether to roll your retirement assets out of an employer-sponsored plan, such as a 401(k), to an IRA. Item 9 was also updated to disclose risks related to LPL’s ability to block or review client orders before they are directed to an exchange or market maker for execution. This may result in a delay in execution, which could cause (i) a difference between execution price and the displayed quote at the time the order was entered; and (ii) a limit order becoming ineligible for execution.

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

ITEM 4 SERVICES, FEES, AND COMPENSATION

Services

LPL offers various types of advisory services and programs, including wrap fee programs, mutual fund asset allocation programs, an advisor-enhanced digital advice program, advisory programs offered by third party investment advisor firms, financial planning services, and retirement plan consulting services. This Brochure provides a description of the advisory services offered under LPL's Guided Wealth Portfolios ("GWP") program. LPL's advisory services are made available to clients primarily through individuals associated with LPL as investment adviser representatives ("IARs"). For more information about the IAR providing advisory services, client should refer to the Brochure Supplement for the IAR. The Brochure Supplement is a separate document that is provided by the IAR along with this Brochure before or at the time client engages the IAR. If client did not receive a Brochure Supplement for the IAR, the client should contact the IAR or LPL at lplfinancial.adv@lplfinancial.com. IARs are required by applicable rules and policies to obtain licenses and complete certain training in order to recommend certain investment products and services. You should be aware that your IAR, depending on the licenses or training obtained, may or may not be able to recommend certain investments, models, programs, or services. In addition, your IAR may be located at a financial institution that does not offer certain products, investments, models, programs, or services. Please ask your IAR or Advisor whether any limitations apply. For more information about LPL's advisory services and programs other than GWP, please contact your IAR or Advisor for a copy of a similar brochure that describes such service or program or go to <https://adviserinfo.sec.gov/>.

LPL conducts its advisory business under the name "LPL Financial LLC," as indicated in Form ADV and its communications and investment advisory agreements with clients. Although LPL and certain LPL IARs use separate marketing names or "doing-business-as" (DBA) designations, LPL does not conduct any advisory business primarily through any of those entities. GWP also permits clients to select a third-party investment advisor firm ("Advisor"), in lieu of an IAR, to provide the advisory and consulting services described in this Brochure. For more information about the third-party investment advisor firm providing advisory services, please contact Advisor for a copy of a similar brochure.

LPL is also a broker-dealer registered with the Financial Industry Regulatory Authority ("FINRA"), and an IAR or individuals of Advisor, as applicable, also may be registered with LPL as a broker-dealer registered representative. Therefore, an IAR or individuals of Advisor may be able to offer a client both investment advisory and brokerage services. Before engaging with an IAR or Advisor, clients should take time to consider the differences between an advisory relationship and a brokerage relationship to determine which type of service best serves the client's investment needs and goals. All recommendations regarding advisory accounts will be in an advisory capacity, and any recommendations regarding any brokerage account a client opens with LPL will be in a brokerage capacity, unless a client is expressly told otherwise. Clients should speak to the IAR or Advisor to understand the different types of services available through LPL. Not all LPL IARs have access to all products and services.

In addition, as described below, the Program is made available through a web-based portal, and communications concerning the Program are intended to occur primarily through electronic means (including but not limited to, through email communications or through such portal), although an IAR or Advisor, as applicable, will be available to discuss investment strategies, objectives, or the account in general in person or via telephone. Therefore, the Program differs from more traditional advisory relationships in which an IAR or Advisor has more frequent personal interactions with a client. Potential clients should consider whether GWP will provide the type of advisory relationship they desire.

The Program offers clients the ability to participate in a centrally managed investment program, which is made available to users and clients through LPL's Account View, a web-based, interactive account management portal ("Account View") and through IAR. Clients are required to maintain an active profile in Account View to participate in the Program. The Program generates investment recommendations based upon model portfolios constructed by LPL and selected for the account as described below (such model portfolio selected for the account, the "Model Portfolio").

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

A preview of the Program (the “Proposal Tool”) is provided to help users determine whether they would like to become advisory clients and receive ongoing financial advice from LPL by enrolling in the advisory service (the “Advisory Service”). The Proposal Tool and Advisory Service are described in more detail below. Users of the Proposal Tool are not considered to be advisory clients of LPL or the IAR or Advisor (as applicable), do not enter into an advisory agreement with LPL or the IAR or Advisor (as applicable), do not receive ongoing investment advice or supervisions of their assets, and do not receive any trading services.

IARs may, in their sole discretion and as agreed from time to time with clients, provide financial planning or financial consulting services to clients in connection with the program at no additional cost. IARs may also require clients to enter into a separate agreement with an agreed upon fee for financial planning or financial consulting services. The scope and duration of financial planning and consulting services varies, will generally be agreed upon at the time the IAR provides the services, and may include comprehensive financial planning or consulting on a particular issue such as retirement planning, education planning, estate planning, cash flow/budget planning, risk management planning, personal wealth planning, tax planning, business planning, investment planning/asset allocation, or other planning as needed. Financial planning and consulting may or may not include a written, customized financial plan.

Features of the Proposal Tool

Users of the Proposal Tool (each, a “user”) agree to a terms of use (“Terms of Use”) and complete an investor profile. Users must select from one of the following goals for each account: retirement (“Retirement Goal”), major purchase (“Major Purchase Goal”), or general investing (“General Investing Goal”). Based on the investor profile completed, the Proposal Tool generates sample asset allocation recommendations (“Sample Recommendations”).

The Proposal Tool provides Sample Recommendations that may assist users in determining whether to utilize the Advisory Service. The Proposal Tool is intended to be used for educational and informational purposes only. The Proposal Tool does not provide comprehensive financial planning and is not intended to constitute legal, financial or tax advice. To use the Proposal Tool, users are responsible for providing information about, among other things, their goals, age, risk tolerance, and investment horizon. The Proposal Tool is only one of many tools that users may use as part of a comprehensive investment analysis process. Users should not rely on the Proposal Tool as the sole basis for investment decisions.

Although LPL is an investment adviser and broker-dealer registered with the SEC and a member of the Financial Industry Regulatory Authority, the Proposal Tool does not establish an investment advisory contract or relationship between you and LPL or IAR. The scope of any investment advisory relationship with LPL begins when users enroll in the Advisory Service. The output that users receive by using the Proposal Tool, including the Sample Recommendations, may differ materially from the advice users would receive as an advisory client of LPL. LPL does not provide ongoing investment management or trading services for assets of users of the Proposal Tool, does not make any determination as to whether the website through which the Program is accessed or the Proposal Tool is appropriate for any user, cannot access any assets in any accounts of users, does not place any trades on behalf of users of the Proposal Tool, and does not provide ongoing supervision of assets of users of the Proposal Tool.

Features of the Advisory Service

Investors participating in the Advisory Service (“clients” and each, a “client”) complete an account application (the “Account Application”) and enter into an account agreement (the “Account Agreement”) with LPL and IAR or Advisor (as applicable). As part of the account opening process, clients are responsible for providing complete and accurate information regarding, among other things, their goal for the account, age, risk tolerance, and investment horizon (collectively, “Client Profile”). LPL and IAR or Advisor (as applicable) rely on the information in the Client Profile in order to provide services under the Program, including but not limited to, determination of suitability of the Program for clients. Based on the Client Profile, LPL selects an appropriate investment allocation track (“Investment Allocation Track”) and model portfolio (“Model Portfolio”) for a client. The IAR or Advisor (as applicable) is required to review and accept the account, including the Investment Allocation Track and Model Portfolio, prior to account opening. The Model Portfolios have been designed and are maintained by LPL Research (the

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

“Portfolio Strategist”) and include a list of exchange-traded funds (“ETFs”) holdings and may in the future include open-end mutual funds (“Mutual Funds”) holdings (collectively, “Program Securities”), and include relative weightings and a list of potential replacement securities for tax harvesting purposes. LPL Research currently serves as the sole Portfolio Strategist and does not charge a fee for its services. Only one Model Portfolio is permitted per account.

As a client approaches the Retirement Age or the specified date of the major purchase, LPL will automatically adjust the client’s asset allocation annually based upon the client’s associated investment allocation track (described below under “LPL as Portfolio Strategist”). For the Major Purchase Goal, after reaching the specified date of the major purchase, LPL will automatically allocate up to 70% of the account to cash and cash equivalents, unless the client extends the timing for the major purchase. For the General Investing Goal, the client’s asset allocation generally remains static, subject to rebalancing and tax loss harvesting as described below. The Investment Allocation Track selected for the account seeks to achieve an overall investment objective for the entire account and may be inconsistent with a particular holding and the account’s performance at any time and may be inconsistent with other asset allocations suggested to client by LPL or IAR or Advisor (as applicable) prior to client entering into the Account Agreement. The Investment Allocation Tracks are designed as long-term goals for the account, and asset withdrawals may impair the achievement of client’s investment objectives. A Client Profile that includes a conservative Investment Allocation Track over a long-term investment horizon may result in the selection of riskier investments than would be selected based on the same conservative Investment Allocation Track but over a shorter-term investment horizon. Clients should contact the IAR or Advisor, as applicable, if they believe the Investment Allocation Track does not appropriately reflect the Client Profile.

By executing the Account Agreement, clients authorize LPL to have discretion to buy and sell Program Securities in accordance with the Model Portfolio and to liquidate previously purchased non-model securities that are transferred into the account. Mutual Funds and ETFs that are not Program Securities or that are not included within the Model Portfolio selected for the client’s account will not be purchased for the account. LPL has full discretion to invest according to the Model Portfolio. LPL expects to closely track the Model Portfolios, applying discretion only to address particular account issues, including tax loss harvesting, short-term gain avoidance, cash inflows and outflows, and investment restrictions placed on the account. LPL may also deviate from the Model Portfolios in smaller accounts, in which it is not possible or impractical to be invested in all of a Model Portfolio’s holdings.

In addition, uninvested cash may be invested in money market funds, the Multi-Bank Insured Cash Account (“ICA”) or the Deposit Cash Account (“DCA”), as applicable, as described in the Account Agreement. Dividends paid by the Program Securities in the account will be contributed to the cash allocation and ultimately reinvested into the account based on the Model Portfolio once the tolerance within cash allocation is surpassed.

Pursuant to the Account Agreement, client authorizes LPL to perform tax harvesting based on the guidelines LPL establishes for the Program, on a systematic and periodic basis. LPL will perform tax loss harvesting only when total account unrealized losses and individual positions available losses each exceed thresholds set by LPL for the Program. LPL will seek to re-invest proceeds from tax loss harvesting into a substitute Program Security for the 30-day period from the initial sale of the harvested security, but will hold such proceeds in cash if proceeds cannot be reinvested into a substitute Program Security. In implementing the Investment Allocation Track or processing client requests, including withdrawal requests, LPL may determine the securities for liquidation based in-part on avoiding short-term gain realization.

During the term of the Account Agreement, LPL will perform a daily review of the account to determine if rebalancing is appropriate based on tolerance thresholds established by LPL. The account will be rebalanced following a rebalancing review if the Account has available cash for investment and at least one of the account positions, including cash, is outside LPL’s set tolerance thresholds, subject to a minimum transaction amount established by LPL. LPL will also perform an annual rebalancing of the Account if Account positions are outside of LPL’s set tolerance thresholds. In addition, LPL may review the account for rebalancing in the event that a Model Portfolio is changed. LPL may delay placing rebalancing transactions for non-qualified accounts by a number of days, to be determined by LPL, in an attempt to limit the tax treatment of realized short-term gains for any position being sold. In addition, trading in the account at any given time is also subject to certain conditions, including but

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

not limited to, conditions related to trade size, compliance tests, the target cash allocation and allocation tolerances. LPL, the IAR or Advisor (as applicable), and clients cannot alter the rebalancing frequency.

IAR or Advisor (as applicable) is responsible on an ongoing basis as investment advisor and fiduciary for the client relationship, including for recommending the Program to the client; providing ongoing monitoring of the Program, the performance of client accounts, and the services of LPL; determining initial and ongoing suitability of the program for clients; reviewing clients' suggested portfolio allocations; reviewing any change in Investment Allocation Track due to changes clients make to their Client Profile; answering questions regarding the Program, assisting with paperwork and administrative and operational details for accounts; and being available to clients to discuss investment strategies, changes in financial circumstances, objectives or accounts generally in person or via telephone. IAR or Advisor (as applicable) may also recommend other suitable investment programs.

Clients may make cash additions to an account and may withdraw account assets at any time, subject to meeting the required account minimum balance of \$5,000 and certain other conditions described in the Account Agreement. Liquidation requests in connection with withdrawals, and changes to the Model Portfolio or Investment Allocation Track selected may take up to 5 business days to process, and, in certain circumstances, may take longer to allocate assets. Clients may also fund an account with previously purchased, non-model securities. Clients authorize LPL in the Account Agreement to liquidate previously purchased, non-model securities as soon as reasonably practicable. In some circumstances, LPL will take into consideration the tax implications of realized gain and loss exposure of liquidating previously purchased, non-model securities when effecting liquidations. The Program is designed as a long-term investment vehicle and asset withdrawals may impair the achievement of client's investment objectives.

In the Advisory Service of GWP, LPL is appointed by each client as custodian of account assets and broker-dealer with respect to processing securities transactions for the accounts. LPL also provides administrative services, such as performance reporting, to clients. LPL may aggregate transactions with other clients to improve the quality of execution.

Fee Schedule

Users of the Proposal Tool do not pay any fees or expenses. Clients of the Advisory Service pay LPL an annualized account fee ("Account Fee"). The Account Fee is made up of an Advisor Fee and an LPL Program Fee. LPL reserves the right to increase the upper limits of the Advisor Fee and/or LPL Program Fee range(s) upon 30 days' prior notice to clients. No performance-based fees are charged to accounts in the Program.

Advisor Fee. The Advisor Fee is charged for the investment advisory services of IAR or Advisor. The Advisor Fee is shared with the IAR or Advisor. The Advisor Fee is negotiable between the client and the IAR or Advisor and is based on the value of assets in the account, including cash holdings. The maximum Advisor Fee is 1.00%.

LPL shares up to 100% (typically between 90% and 100%) of the Advisor Fee with the IAR or Advisor based on the agreement between LPL and the IAR or Advisor, as applicable. A portion of the Advisor Fee to an IAR may be paid by the IAR to his or her LPL branch manager or another LPL representative for supervision or administrative support. There is a conflict of interest when a branch manager receives a portion of the Advisor Fee for supervision because the fee affects his or her ability to provide objective supervision of the IAR.

LPL Program Fee. Clients will pay a fee of 0.35% for the investment advisory, administrative, trading, custodial, and clearing services of LPL.

How the Account Fee is Charged

LPL deducts the Account Fee and other fees and charges associated with a GWP account from the account. LPL calculates and deducts the Account Fee in the method described in the Account Agreement. Alternative payment methods that may be offered in other advisory platforms are not available in GWP.

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

Payment in Advance and Refund of Pre-Paid Fees

LPL deducts the Account Fee quarterly in advance. For purposes of calculating the quarterly Account Fee and providing performance information, the account quarter will begin on the first day of the month in which the account is accepted by LPL. The initial Account Fee is deducted at the end of the first quarter in which the account is accepted and will include the prorated amount for the initial quarter. Subsequent Account Fees will be assessed at the beginning of each quarter thereafter and will be based on the value of the account assets under management as of the close of business on the last business day of the preceding quarter (as valued by an independent pricing service, where available, or otherwise in good faith as reflected in Client's account statement) and based on the fee rate in effect at the time of assessment. At the time of a subsequent Account Fee assessment, the Account Fee will be adjusted for deposits and withdrawals during the prior quarter pro rata based on the asset value of the transaction and based on the fee rate in effect at the time of the assessment. If there is a change in the Account Fee rate negotiated between IAR and Client during the quarter, the effective date of any increase or decrease will be at the beginning of the next quarterly cycle.

If the Account Agreement is terminated before the end of the quarterly period, LPL will pay the client a pro-rated refund of any pre-paid quarterly Account Fee based on the number of days remaining in the quarter after the termination date. However, if the account is closed within the first six months by the client or as a result of withdrawals that bring the account value below the required minimum, LPL reserves the right to retain the pre-paid quarterly Account Fee for the current quarter in order to cover the administrative costs of establishing the account (for example, the costs related to transferring positions in and out of the account, data entry in opening the account, and re-registration of positions).

Other Types of Fees and Expenses of LPL

In addition to the Account Fee, clients also pay LPL other additional miscellaneous administrative or custodial-related fees and charges that apply to a GWP account. LPL notifies clients of these charges at account opening and makes available a current list of these charges on its website at lpl.com/disclosures.html. These miscellaneous fees are not directly based on the costs of the transaction or service by LPL, may include a profit to LPL, and certain of the fees may be lowered or waived for certain clients. These fees are subject to change at the discretion of LPL. Clients are notified of these charges and any changes through information provided with their periodic statements. These fees and charges shall continue until thirty (30) days after LPL has notified client in writing of any change in the amount of the fees or charges applicable to the account, at which time the new fees or charges will become effective unless client notifies LPL in writing that the account is to be closed.

Fees Charged by Third Parties

There are other fees and charges that are imposed by third parties other than LPL that apply to investments in GWP accounts. Some of these fees and charges are described below. In GWP, assets are invested in Model Portfolios that currently are comprised of ETFs and may include mutual funds in the future, and, therefore, there are two layers of advisory fees and expenses for those assets. As a shareholder of a fund, Clients will pay an advisory fee to the fund manager and other expenses charged by the fund. In the case of mutual funds that are funds of funds, there could be an additional layer of fees, including performance fees that vary depending on the performance of the fund. Clients will also pay LPL and IAR or Advisor, as applicable, the Account Fee with respect to assets invested in ETFs and mutual funds. The ETFs and mutual funds available in the Program can be purchased directly outside of the Program. Therefore, clients could generally avoid an additional layer of fees by not using the advisory services of LPL and IAR or Advisor and by making their own decisions regarding the investment.

If client transfers into a GWP account a previously purchased mutual fund, and there is an applicable contingent deferred sales charge on the fund, client will pay that charge when the mutual fund is sold. If the account is invested in a mutual fund that charges a fee if a redemption is made within a specific time period after the investment, client will be charged a redemption fee. Depending on the share class and fee structure of the previously purchased mutual fund, LPL can receive fees such as 12b-1 fees, recordkeeping fees and revenue sharing from the previously purchased mutual fund until the position is liquidated and subsequently invested according to the GWP model. If a mutual fund has a frequent trading policy, the policy can limit a client's transactions in shares of the fund (e.g., for rebalancing, liquidations, deposits, or tax harvesting). Decisions regarding the sale of

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

mutual funds in an account may be made by LPL without regard to whether a client will be assessed a redemption fee. Clients can find more information regarding the fees and expenses of an ETF or mutual fund in the fund's prospectus, which is available upon request from the IAR or Advisor, as applicable, or directly from the fund.

When transferring securities into a GWP account, client should be aware that certain securities are not eligible for the account. In such case, the securities may be rejected, sold after the transfer, or moved to a brokerage account. Note that when an ineligible security is transferred into an account and subsequently sold or moved to a brokerage account, the advisory fee will be charged on such asset for the period of time the security was held in the account.

Client should be aware that previously purchased, non-model securities transferred into an account may have been subject to a commission or sales load when the security was originally purchased. If client has paid a commission on the purchase of a security in an LPL brokerage account within up to two years of the transfer of the security into the account, client may be entitled to a credit for a portion of the Account Fee.

After transfer into a GWP account, client should understand that an advisory fee will be charged based on the total assets in the account, including the transferred securities. When transferring securities into an account, client should consider and speak to IAR about whether:

- a commission was previously paid on the security;
- client wishes for the security to be managed as part of the account and be subject to an advisory fee; or
- client wishes to hold the security in a brokerage account that is not managed and not subject to an advisory fee.

In the future, for Model Portfolios consisting of mutual funds, LPL intends to select only no-load and load-waived mutual funds. In some cases, a mutual fund in GWP will charge shareholders an asset based sales charge or service fee (e.g., 12b-1 fee) that is paid to LPL. Any 12b-1 fees paid to LPL by mutual funds (other than the cash sweep money market funds ("Sweep Funds") described in the section of Item 9 labeled "Participation or Interest in Client Transactions") are credited to the client's account.

Clients also incur charges imposed by third parties or LPL in connection with investments made through their accounts, including, but not limited to, taxes and charges required by law or imposed by exchanges or regulatory bodies. For example, an industry-wide charge mandated by a regulator applies to sales of certain securities. The amount of this regulatory fee may vary over time, and because variations might not be immediately known to LPL, the amount may be estimated and assessed in advance. To the extent that such estimated amount differs from the actual amount of the regulatory fee, LPL retains the excess. These charges will be reflected on transaction confirmations and/or periodic statements.

Important Things to Consider About Fees on a GWP Account

- The Account Fee is a wrap fee for investment advisory services, the execution of transactions and other administrative and custodial services. Clients do not pay a commission or transaction charge to LPL for the execution of transactions in the account. The Account Fee may cost the client more than purchasing the program services separately, for example, paying an advisory fee plus commissions or transaction charges to a broker-dealer for each transaction in the account. Factors that bear upon the cost of the account in relation to the cost of the same services purchased separately include the:
 - type and size of the account
 - type of securities in the Model Portfolio (currently ETFs and possibly mutual funds in the future)
 - historical and or expected size or number of trades for the account, and
 - number and range of supplementary advisory and client-related services provided to the client.
- The Account Fee may be higher than the fees charged by other investment advisors for similar services. Clients could generally pay a lower advisory fee for investment advisory services through other investment advisors, including algorithm-driven, automated ("robo") providers. However, clients using other robo services will forgo opportunities to utilize LPL-constructed model portfolios or to work directly with a financial advisor. In addition, the Account Fee may be higher than fees charged by other advisors, particularly if the Advisor Fee component of the Account Fee is at or near the maximum fee

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

set out above. The IAR or Advisor, as applicable, is responsible for determining the Advisor Fee to charge each client based on factors such as total amount of assets involved in the relationship and the number and range of supplementary advisory and client-related services to be provided to the account. Clients should consider the level and complexity of the advisory services to be provided when negotiating the Advisor Fee with IAR or Advisor.

- The investment products available to be purchased in the Program can be purchased by clients outside of a GWP account, through broker-dealers or other investment firms not affiliated with LPL.
- Clients should consider the impact of fees and expenses on their investment portfolio, as described in the informational brochure titled "How Fees and Expenses Affect Your Portfolio" on lpl.com/disclosures.html under "Investor Regulatory & Educational Resources."

ITEM 5 ACCOUNT REQUIREMENTS AND TYPES OF CLIENTS

The Program is available for individuals (individually or jointly with another person) and their traditional individual retirement accounts ("IRAs"), Roth IRAs, and owner-only Simplified Employer Pension IRAs where the only eligible participants of the SEP IRA are the business owners and their spouses. Employee benefit plans subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA") ("ERISA Plans") (including SEP IRAs for employees other than business owners and their spouses) are not eligible to participate in the Program. Participation in the Program is subject to LPL's discretion, and LPL may prohibit any person from participating for any reason or no reason at all.

Use of the Proposal Tool is governed by the Terms of Use. For the avoidance of doubt, the Advisory Service will be provided under and governed by the Account Agreement entered into at the time of enrollment.

Use of the Advisory Service is governed by the Account Agreement, which may be terminated by any party effective upon written notice to the other parties or by client calling the operational support desk, as set forth in the Account Agreement and as described below in the event certain minimums are not maintained. In the event that a client's country of residence or citizenship status changes, such notification to LPL as required under the Account Agreement may result in termination of his or her account by LPL if LPL does not service accounts in the new jurisdiction. In addition, if a client revokes his or her consent to electronic delivery of communications, such revocation will be deemed to be a notice from the client to terminate his or her account. Promptly upon termination, accounts will be deactivated. In a deactivated account, no advisory fees are charged, and LPL and IAR or Advisor (as applicable) have no responsibility to provide ongoing investment advice.

In order to be a client of the Advisory Service, LPL requires a minimum value for a Program account to begin being managed. In certain instances, LPL will permit a lower minimum account value. Note that an account will not be invested according to a Model Portfolio until the applicable minimum for the Model Portfolio and allocation has been reached. If LPL has not received all paperwork in good order within the timeframe required by LPL from the day a client submits its Account Application, LPL will discard the Account Application and terminate the account immediately. In addition, if the account has not reached the required minimum value within the timeframe required by LPL, LPL will terminate the account immediately. In the event client withdrawals cause the account asset value to fall below required minimum for a period of 30 days, client understands that the account will be deactivated. In a deactivated account, no advisory fees are charged, and LPL and IAR or Advisor, as applicable, have no responsibility to provide ongoing investment advice. Withdrawals from the account may be made to the extent that the account value does not fall below the required minimum. Withdrawal requests for accounts with a value at the required minimum or less will result in account deactivation.

ITEM 6 PORTFOLIO MANAGER SELECTION AND EVALUATION

In GWP, the client selects the IAR or Advisor. Each IAR is generally required to possess a FINRA Series 65 or 66 license (to the extent required). For more information about the IAR managing the account, client should refer to the Brochure Supplement for the IAR, which client should have received along with this Brochure at the time client opened the account. For more information about the third-party investment advisor firm providing advisory services, clients should refer to the Advisor's Form ADV brochure or contact the Advisor for more information.

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

LPL makes available Model Portfolios designed by LPL in GWP. LPL has discretionary authority to implement trades in GWP.

LPL as a Portfolio Strategist

In GWP, clients invest in Model Portfolios designed by LPL Research. LPL Research provides various types of advisory services. LPL Research provides research recommendations on asset allocation and ETFs and mutual funds. LPL Research provides investment advice on ETF and mutual fund selection and allocation through other LPL advisory programs, such as Optimum Market Portfolios, Personal Wealth Portfolios and Model Wealth Portfolios. LPL Research also reviews and recommends outside portfolio management firms for LPL's separately managed account wrap program, Manager Select.

Based upon a client's risk tolerance as indicated in the Client Profile, the client is assigned an investment allocation track (currently conservative, moderate, or aggressive) for a Retirement Goal or a Major Purchase Goal, the purpose of which is to slowly rotate the client's equity exposure allocation to fixed income exposure and cash over time. LPL Research created these tracks using academic research on optimal retirement allocations, the industry averages as calculated by Morningstar for the target date fund universe, and input from other third parties.

Within the applicable allocation track and based upon either a client's chosen Retirement Age in the Client Profile or the desired date of a major purchase, as applicable, the client will be assigned a Model Portfolio and one of five of LPL's standard investment objectives:

- *Income with capital preservation.* Designed as a longer term accumulation account, this investment objective is considered generally the most conservative. Emphasis is placed on generation of current income with minimal risk of capital loss. Lowering the risk generally means lowering the potential income and overall return.
- *Income with moderate growth.* This investment objective emphasizes generation of current income with a secondary focus on moderate capital growth.
- *Growth with income.* This investment objective emphasizes modest capital growth with some focus on generation of current income.
- *Growth.* This investment objective emphasizes achieving high long-term growth and capital appreciation. There is little focus on generation of current income.
- *Aggressive growth.* This investment objective emphasizes aggressive growth and maximum capital appreciation, with no focus on generation of current income. This objective has a high level of risk and is for investors with a longer timer horizon.

For the General Investing Goal, the client is assigned one of the Investment Allocation Tracks (currently, conservative, moderate conservative, moderate, moderate aggressive or aggressive) and a Model Portfolio based upon the client's risk tolerance as indicated in the Client Profile. In the General Investing Goal, the client's asset allocations generally remain static, subject to rebalancing and tax loss harvesting as described below.

It is important to note that no methodology or investment strategy is guaranteed to be successful or profitable. LPL Research does not charge a fee for its Model Portfolios. IAR or Advisor (as applicable), and clients cannot change or customize the Model Portfolios.

Types of Investments and Risks

The Model Portfolios include ETFs and may include mutual funds in the future. Investing in securities involves the risk of loss that clients should be prepared to bear. Described below are some risks associated with investing and with some types of investments that are available in the Program. Although LPL, the IAR or Advisor (as applicable) will not make any investment decisions for, or engage in any trading activity on behalf of, users of the Proposal Tool, the investment risks described below are generally applicable to the information provided to users of the Proposal Tool.

- *Market Risk.* This is the risk that the value of securities owned by an investor may go up or down, sometimes rapidly or unpredictably, due to factors affecting securities markets generally or particular industries.

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

- *Interest Rate Risk.* This is the risk that fixed income securities will decline in value because of an increase in interest rates; a bond or a fixed income fund with a longer duration will be more sensitive to changes in interest rates than a bond or fixed income fund with a shorter duration.
- *Economic Conditions Risk.* This is the risk that economic, political, or financial developments will, from time to time, result in periods of volatility or other adverse effects that could negatively impact your account.
- *Credit Risk.* This is the risk that an investor (could lose money if the issuer or guarantor of a fixed income security is unable or unwilling to meet its financial obligations).
- *Liquidity Risk.* This is the risk that an investor would not be able to sell or redeem an investment quickly, or would not be able to sell or redeem an investment quickly without significantly affecting the price. Liquidity risk is heightened when markets are distressed. Generally, alternative investments have higher liquidity risk than equities, fixed income securities or mutual funds or ETFs.
- *Issuer-Specific Risk.* This is the risk that the value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.
- *Investment Company Risk.* To the extent a client account invests in ETFs or other investment companies, its performance will be affected by the performance of those other investment companies. Investments in ETFs and other investment companies are subject to the risks of the investment companies' investments, as well as to the investment companies' expenses. If a client account invests in other investment companies, the client account may receive distributions of taxable gains from portfolio transactions by that investment company and may recognize taxable gains from transactions in shares of that investment company, which would be taxable when distributed.
- *Concentration Risk.* To the extent a client account concentrates its investments by investing a significant portion of its assets in the securities of a single issuer, industry, sector, country or region, the overall adverse impact on the client of adverse developments in the business of such issuer, such industry or such government could be considerably greater than if they did not concentrate their investments to such an extent.
- *Sector Risk.* To the extent a client account invests more heavily in particular sectors, industries, or sub-sectors of the market, its performance will be especially sensitive to developments that significantly affect those sectors, industries, or sub-sectors. An individual sector, industry, or sub-sector of the market may be more volatile, and may perform differently, than the broader market. The several industries that constitute a sector may all react in the same way to economic, political, or regulatory events. A client's account performance could be affected if the sectors, industries, or sub-sectors do not perform as expected. Alternatively, the lack of exposure to one or more sectors or industries may adversely affect performance.
- *Exchange-Traded Funds (ETFs).* ETFs are typically investment companies that are legally classified as open-end mutual funds or UITs. However, they differ from traditional mutual funds, in particular, in that ETF shares are listed on a securities exchange. Shares can be bought and sold throughout the trading day like shares of other publicly-traded companies. ETF shares may trade at a discount or premium to their net asset value. This difference between the bid price and the ask price is often referred to as the "spread." The spread varies over time based on the ETF's trading volume and market liquidity, and is generally lower if the ETF has a lot of trading volume and market liquidity and higher if the ETF has little trading volume and market liquidity. Although many ETFs are registered as an investment company under the Investment Company Act of 1940 like traditional mutual funds, some ETFs, in particular those that invest in commodities, are not registered as an investment company. ETFs may be closed and liquidated at the discretion of the issuing company.
- *Tax-Loss Harvesting.* The tax-loss harvesting feature of the Advisory Service involves a variety of risks. You should confer with your personal tax advisor regarding the tax consequences of investing with the Program and engaging in the tax-loss harvesting strategy, based on your particular circumstances. You and your personal tax advisors are responsible for how the transactions in your account are reported to the IRS or any other taxing authority. Neither LPL nor the IAR or Advisor (as applicable) assumes any responsibility to you for the tax consequences of any transaction. The Program's tax-loss harvesting strategy is not intended as tax advice, and neither LPL nor the IAR or Advisor (as applicable) represents in any manner that the tax consequences described will be obtained or that the Program's investment strategy will result in any particular tax consequence. The tax consequences of this strategy are complex and may be subject to challenge by the IRS. This strategy

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

was not developed to be used by, and it cannot be used by, any investor to avoid penalties or interest. You should be aware that if you and/or your spouse have other taxable or non-taxable accounts, and you hold in those accounts any of the securities (including options contracts) held in your GWP account, you cannot trade any of those securities 30 days before or after the Program account trades those same securities as part of the tax-loss harvesting strategy to avoid possible wash sales and, as a result, a nullification of any tax benefits of the strategy. For more information on the wash sale rule, please read IRS Publication 550. In addition, when LPL replaces investments with “similar” investments as part of the tax-loss harvesting strategy, it is a reference to investments that are expected, but are not guaranteed, to perform similarly and that might lower an investor’s tax bill while maintaining a similar expected risk and return on investor’s portfolio. Expected returns and risk characteristics are no guarantee of actual performance.

In addition to the risks described above, the Program involves certain additional risks due to its reliance technology systems.

- *Reliance on Electronic Communications and Delivery.* Both the Proposal Tool and Advisory Service are primarily online services, and communications concerning the Program are intended to occur primarily through electronic means (including but not limited to, email communications and Account View, although the IAR or Advisor, as applicable, will be available to discuss investment strategies, objectives or the account in general in person or via telephone. Additionally, clients are required to create and maintain an active Account View profile to use the Proposal Tool or receive the Advisory Service. Therefore, the Program differs from more traditional advisory relationships in which an IAR or Advisor has more frequent personal interactions with a client. Persons looking for more personal communications should consider whether the Proposal Tool or Advisory Service, as applicable, will meet their communication preferences. As set forth in the Terms of Use or the Account Agreement, as applicable, users and clients consent to the electronic delivery of all current and future Form ADVs, brochure supplements, privacy notices, prospectuses and offering documents, tax forms and other legal and regulatory notices, disclosures, reports and other communications, including delivery through Account View, to your e-mail address of record or to such other password-protected website as LPL may designate.
- *Investment Horizon.* The Retirement Goal and the Major Purchase Goal are only appropriate for investors with medium- to long-term investment horizons, before such investors plan to access assets that are invested pursuant to the Program. If investors need access to the assets in their accounts at any point prior to the end of the investment horizon, the prices at which these assets are liquidated may cause them to experience a material loss and will negatively compromise the ability of LPL to help them meet their investing goals.
- *Reliance on Information Provided by User or Client; Protecting Your Account.* LPL and the IAR or Advisor (as applicable) provide advice and recommendations based on the information you provide to us regarding your investment objectives, financial condition, income, other investments, and all other information requested of you when using the Proposal Tool or becoming a client of the Advisory Service. If a user or client were to provide LPL and the IAR or Advisor with incomplete or inaccurate information, such omissions or inaccuracies could materially impact the quality and applicability of recommendations of LPL or the IAR or Advisor. In addition, users and clients are responsible for monitoring and updating information provided in the event of changes (e.g., contact information or life event changes, such as a change to Retirement Age), that could impact the recommendations made by the Program. You are solely responsible for additions to and withdrawals from your account and for maintaining the confidentiality of any password you select for your account. You are required to notify LPL and the IAR or Advisor in the event you become aware of unauthorized use of your account or any other security breach related to your use of the Proposal Tool or Advisory Service.
- *Limitations of the Advisory Service.* With respect to the Advisory Service, the recommendations provided by LPL and the IAR or Advisor (as applicable) are not intended to comprise the client’s complete investment program to the extent that a client has investible and invested assets held in ERISA Plans, or other accounts that the client has not transferred into the account. In addition, recommendations of LPL and the IAR or Advisor (as applicable) are generally limited in scope to the information that users and clients provide. There may be additional information or other financial circumstances not considered by LPL and the IAR or Advisor (as applicable) based on the questions asked at the time a user or client establishes their Investment Allocation Track that would inform the investment advice and recommendations provided by

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

LPL and the IAR or Advisor. Clients should contact their IAR or Advisor, as applicable, to discuss any such additional information or other financial circumstances that they believe may be relevant to the advice provided through the Program.

- *Reliance on Technology; Back-up Measures; Cyber Security Breaches and Identity Theft.* The Program's investment activities and investment strategies are dependent upon various computer and telecommunications technologies, many of which are provided by or are dependent upon third parties, data feed, data center, telecommunications, or utility providers. The successful deployment, implementation, and/or operation of such activities and strategies, and various other critical activities provided by LPL and the IAR or Advisor (as applicable), could be severely compromised, damaged or interrupted by system, network or component failure, computer and telecommunications failure, power loss, a software-related "system crash," unauthorized system access or use (such as "hacking"), computer viruses and similar programs, other security breaches, fire or water damage or other catastrophic events, power outages, human errors in using or accessing relevant systems, or various other events or circumstances. Unintentional cyber events, such as the inadvertent release of confidential information, could also adversely impact investor account. Any cyber event could cause result in the loss or theft of investor data or cause investors financial loss and expense
- *Use of Artificial Intelligence and Machine Learning.* Recent technological advances in artificial intelligence, generative artificial intelligence, and machine learning technology (collectively, "Machine Learning Technology") may pose risks to LPL and Advisor. LPL and Advisor could be further exposed to the risks of Machine Learning Technology if third-party service providers or any counterparties, whether or not known to LPL or Advisor, also use Machine Learning Technology in their business activities. LPL and Advisor will not be in a position to control the operations of third-party service providers or counterparties, the manner in which third-party products are developed or maintained or the manner in which third-party services are provided. Machine Learning Technology is generally highly reliant on the collection and analysis of large amounts of data, and it is not possible or practicable to incorporate all relevant data into the model that Machine Learning Technology utilizes to operate. Certain data in such models will inevitably contain a degree of inaccuracy and error, potentially materially so, and could otherwise be inadequate or flawed, which would be likely to degrade the effectiveness of Machine Learning Technology. To the extent that LPL or Advisor are exposed to the risks of Machine Learning Technology, any such inaccuracies or errors could have adverse impacts on LPL or Advisor, as applicable. Machine Learning Technology and its applications, including in the financial services sector, continue to develop rapidly, and it is impossible to predict the future risks that will from time to time arise from such developments.

Voting Client Securities

In GWP, LPL and IAR or Advisor (as applicable) do not accept authority to vote client securities. Clients retain the right to vote all proxies that are solicited for securities held in the account. Clients will receive proxies or other solicitations from LPL. When LPL delivers mutual fund shareholder reports and proxies to clients, LPL is reimbursed by the mutual fund for the delivery costs. The maximum fee that can be charged for delivery is set by New York Stock Exchange (NYSE) rules. If LPL uses a vendor to perform the delivery, the vendor seeks reimbursement from the mutual fund on LPL's behalf and in certain cases remits a portion of the reimbursement to LPL. If clients have questions regarding the solicitation, they should contact the contact person that the issuer identifies in the proxy materials or their IAR or Advisor, as applicable. In addition, clients retain the right and obligation to take action with respect to legal proceedings relating to securities held in the account.

ITEM 7 CLIENT INFORMATION PROVIDED TO PORTFOLIO MANAGERS

Users of the Proposal Tool complete an investor profile, including risk tolerance and Retirement Age or desired date of a major purchase, if applicable. Clients of the Advisory Service complete the investor profile and also complete an Account Application which is a part of the Account Agreement.

In quarterly communications with clients of the Advisory Service, the IAR or Advisor, as applicable, asks clients to contact him or her if there have been any changes in the client's financial situation or investment objective.

Users and clients should understand that the Investment Allocation Track seeks to achieve an overall objective for the entire account and may be inconsistent with a particular Sample Recommendation or holding and, for clients, the account's

performance at any time. Users and clients also should be aware that Investment Allocation Tracks are designed to achieve long-term goals for the account.

ITEM 8 CLIENT CONTACT WITH PORTFOLIO MANAGERS

LPL does not place any restrictions on a user's or client's ability to contact and consult with IARs or Advisors, as applicable, and users and clients should contact their IARs or Advisor, as applicable, with any questions regarding the Program.

ITEM 9 ADDITIONAL INFORMATION

Disciplinary Information

LPL entered into a settlement with the SEC in which the SEC found that LPL willfully violated its obligations under Section 17(a) of the Exchange Act and Rule 17a-8 thereunder, which require broker-dealers to comply with certain anti-money laundering ("AML") requirements. The SEC found that LPL did not follow its AML policies for its customer identification program and ongoing customer due diligence obligations by, among other things, not properly verifying new accounts; not timely closing accounts that did not pass its screening measures; and not closing or restricting certain accounts that were prohibited under LPL's AML Policies.

The SEC censured LPL and ordered LPL to cease and desist from committing or causing any violations and any future violations of such section and rule, to pay a civil monetary penalty in the amount of \$18 million, and to comply with certain undertakings (2025).

LPL entered into a settlement with the SEC in which the SEC found that LPL willfully violated Section 17(a) of the Exchange Act and Rule 17a-4(b)(4) thereunder and Section 204 of the Advisers Act and Rule 204-2(a)(7) thereunder in connection with the maintenance and preservation of off-channel communications; and failed to reasonably supervise its personnel within the meaning of Section 15(b)(4)(E) of the Exchange Act and Section 203(e)(6) of the Advisers Act. LPL admitted to the facts in the settlement order and acknowledged its conduct violated the federal securities laws. The SEC ordered LPL to cease and desist from committing or causing any violations and any future violations of Section 17(a) of the Exchange Act and Rule 17a-4(b)(4) thereunder and Section 204 of the Advisers Act and Rule 204-2(a)(7) thereunder, censured it for its conduct, ordered it to pay a civil monetary penalty in the amount of \$50,000,000, and ordered it to comply with certain undertakings (2024).

LPL entered into a settlement with the SEC in connection with LPL's failure to comply with its Customer Identification Program procedures. The SEC found that LPL willfully violated Section 17(a) of the Exchange Act and Rule 17a-8 thereunder and was a cause of a third party's violations of Sections 17(a)(2) and (3) of the Securities Act and Section 206(2) of the Advisers Act. The SEC ordered LPL to cease and desist from committing or causing any further violations of these laws and regulations, censured LPL for its conduct, and ordered the payment of disgorgement and prejudgment interest totaling \$141,202 (deemed satisfied based on LPL's voluntary remedial payment of \$4,118,876 to the impacted client), and the payment of a civil money penalty of \$750,000 (2021).

As part of a voluntary self-reporting initiative in 2019, LPL entered into a settlement with the SEC in which the SEC found that LPL willfully violated Section 206(2) and 207 of the Investment Advisers Act of 1940 (the "Advisers Act") in connection with inadequate disclosure to clients of its and its associated persons' conflicts of interest related to its receipt of 12b-1 fees and/or its selection of mutual fund share classes that pay such fees. The SEC ordered LPL to cease and desist from committing or causing any violations of Sections 206(2) and 207 of the Advisers Act, censured it for its conduct, and ordered the payment of disgorgement and prejudgment interest to affected investors totaling \$9,333,516 (2019).

LPL, as a broker-dealer, is a member of FINRA and has found to be in violation of FINRA's rules related to its brokerage activities. In particular, LPL consented to sanctions related to the following matters:

- LPL's supervisory systems and maintenance of books and records relating to brokerage direct business transactions, supervisory systems and misstatements about fees relating to brokerage product switch transactions, and supervisory systems relating to brokerage recommendations of publicly traded securities of business development companies (BDCs) to customers, resulting in a censure, a fine of \$5.5 million, restitution to impacted customers, and an undertaking to certify that LPL has remediated the systems and procedures for making recommendations of BDCs (2023).

- LPL’s supervisory systems and procedures relating to the transmittal of customer funds by wire or check to third parties and maintenance of related books and records, resulting in a censure, a fine of \$3,000,000, restitution to impacted clients, and an undertaking to identify and pay restitution to affected customers for certain other improper transfers (2023).
- LPL’s failure to accurately calculate its customer reserve requirement, failure to maintain a sufficient customer reserve, failure to maintain policies and procedures reasonably designed to achieve compliance with the Securities and Exchange Act and FINRA rules, and failure to maintain accurate books and records, resulting in a censure and a fine of \$300,000 (2022).
- LPL’s self-reporting of potential issues related to certain C-share purchase suitability reviews and its supervisory systems and procedures relating to waivers of front-end sales charges for rollovers of 529 savings plan investments from one state plan to another, resulting in a censure and payment of restitution to impacted customers (2021).
- LPL’s supervisory systems and procedures relating to record retention, fingerprinting and screening of certain associated persons, and supervision of consolidated reports, resulting in a censure, a fine of \$6,500,000 and an undertaking to review and enhance related policies, systems and procedures (2020).
- LPL’s supervisory systems and procedures relating to changes in the authority of custodians of accounts established under the Uniform Gifts to Minors Act and/or the Uniform Transfers to Minors Act, resulting in a censure, a fine of \$300,000, and an undertaking to review and enhance its policies, systems, and procedures related to supervision of such accounts (2019).
- The effectiveness of LPL’s anti-money laundering program, LPL’s failure to amend certain Forms U4 and U5, and LPL’s systems and supervisory procedures relating to Forms U4 and U5 reporting requirements, resulting in a censure and a fine of \$2,750,000 and an undertaking to review the process used to disclose customer complaints on Forms U4 and U5 (2018).
- LPL’s brokerage supervisory and disclosure procedures related to the sale of certain brokered certificates of deposit in brokerage accounts, resulting in a censure and a fine of \$375,000 (2018).
- LPL’s systems and supervisory procedures relating to the creation and distribution of certain required account notices, resulting in a censure, a fine of \$900,000, and an undertaking to review affected processes (2016).
- LPL’s systems and supervisory procedures relating to the format in which certain electronic records were retained, resulting in a censure and a fine of \$750,000 (2016).
- LPL’s various brokerage supervisory procedures, including those related to the sale of complex non-traditional ETFs, variable annuity (“VA”) contracts, real estate investment trusts (“REITs”) and other products in brokerage accounts, as well as LPL’s failure to monitor and report trades and deliver trade confirmations, resulting in a censure and a fine of \$10,000,000, and restitution of \$1,664,592 (2015).

LPL, as a broker-dealer, is regulated by each of the 50 states and has been the subject of orders related to the violation of state laws and regulations in connection with its brokerage activities. In particular, LPL entered into consent orders related to the following matters:

- LPL’s supervision of electronic signature practices at an LPL branch office in Massachusetts, resulting in a fine of \$250,000 and an undertaking to conduct an internal review of certain related policies and procedures (Massachusetts or “MA”, 2023).
- LPL’s supervision of an LPL broker-dealer/investment adviser agent’s sales of structured products, resulting in a censure, an offer of restitution to impacted clients, and a fine of \$125,000 (Texas, 2022).
- LPL’s supervision of two LPL broker-dealer and/or investment adviser agents who pled guilty to charges of fraudulent practices with LPL customers, resulting in a cease and desist order, a fine of \$350,000 and a \$150,000 contribution for financial literacy and investor education initiatives, training and related materials (Connecticut, 2021).
- LPL’s supervision of an LPL representative under a heightened supervision plan, resulting in a cease and desist order; a fine of \$275,000; payments of restitution, disgorgement and investigative costs; and offers of payment of surrender charges in connection with variable annuity contracts for impacted customers (New Hampshire or “NH”, 2020).
- LPL’s failure to timely register (or maintain the registration of) certain agents in MA and failure to amend Forms U4 and U5 for certain agents registered in MA, resulting in a censure, a fine of \$1,100,000, and an undertaking to review and enhance its policies and procedures related to registering its agents in MA and filing reportable events (MA, 2019).

- LPL's brokerage supervisory procedures relating to email review and annual branch office examinations, resulting in a civil penalty of \$450,000 and an undertaking for third-party review of related processes (Indiana, 2018).
- The sale of unregistered, non-exempt securities in violation of state registration requirements, resulting (upon entry of the individual consent order) in payment to each participating state or jurisdiction of a civil penalty of \$499,000, reimbursement of certain investigative expenses, remediation through repurchase of certain securities and payment of losses to certain affected customers, and certain additional undertakings (Settlement with up to 53 members of the North American Securities Administrators Association (NASAA), 2018).
- The sale of non-traded alternative investments in excess of prospectus standards or LPL's internal guidelines and the maintenance of related books and records, resulting in a censure, a fine of \$950,000, a \$25,000 contribution to an investor education fund and remediation of losses to impacted customers (New Jersey, 2017).
- LPL's supervisory practices for LPL representatives located on the premises of a credit union, resulting in a censure, a fine of \$1,000,000, and an undertaking to avoid investor confusion specific to the name under which the credit union does business and review LPL's related policies and procedures (MA, 2017).
- LPL's oversight of certain VA transactions, resulting in a censure, a fine of \$975,000, restitution to clients and former clients of an LPL representative, disgorgement of commissions retained by LPL in connection with such representative's VA sales, and an undertaking to review such representative's brokerage and advisory activities and LPL's related policies and procedures (MA, 2017).
- The sale in brokerage accounts of non-traded REITs in excess of prospectus standards, state concentration limits or LPL's internal guidelines, resulting in an aggregate civil penalty of \$1,425,000, reimbursement of certain investigative expenses and remediation of losses to impacted customers (Global settlement with certain members of NASAA, 2015).
- The sale of non-traded REITs in excess of prospectus standards, state concentration limits or LPL's internal guidelines, resulting in an administrative fine of \$250,000, reimbursement of investigative costs of \$250,000, a \$250,000 contribution to an investor education fund and remediation of losses to impacted customers (NH, 2015).
- The sale of leveraged and inverse leveraged ETFs ("Leveraged ETFs"), resulting in an administrative fine of \$50,000 (Delaware), a penalty of \$200,000 (MA), restitution to Delaware customers in an amount up to \$150,000, restitution to MA customers in an amount up to \$1,600,000, and an agreement to make certain changes in its supervisory system with respect to Leveraged ETFs (2015).
- Failure to implement procedures related to the use of senior-specific titles by LPL representatives as required under MA law, resulting in a censure and a fine of \$250,000 (2015).

Other Financial Industry Activities and Affiliations

LPL is a broker-dealer registered with FINRA and the SEC. As a broker-dealer, LPL transacts business in various types of securities, including mutual funds, stocks, bonds, commodities, options, private and public partnerships, variable annuities, REITs, and other investment products. LPL is registered to operate in all 50 states and has primarily an independent-contractor sales force of registered representatives and IARs dispersed throughout the United States. LPL has a dedicated team of employee IARs in its offices who service certain accounts, and also a small subset of IARs who operate their own offices or are located on the premises of certain financial institutions and are employees of LPL Employee Services, LLC, an LPL-affiliated company. IARs may be registered representatives of LPL. LPL is also registered as an introducing broker with the Commodity Futures Trading Commission. In addition, LPL is qualified to sell insurance products in all 50 states.

With respect to GWP services provided by an Advisor (rather than one of LPL's IARs), associated persons of Advisor may also be broker-dealer registered representatives of LPL or another broker-dealer. If an associated person of Advisor is a broker-dealer

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

registered representative of LPL, that person is providing advisory services to a Program account on behalf of Advisor. That person is not acting in a broker-dealer capacity or on behalf of LPL with respect to the Program.

Our affiliate, LPLE, is an investment adviser registered with the SEC and a broker-dealer registered with FINRA and the SEC. As a broker-dealer, LPLE transacts business in various types of securities, including mutual funds, stocks, bonds, commodities, options, private and public partnerships, variable annuities, REITs and other investment products. LPLE is registered to operate in all 50 states and has primarily an independent-contractor sales force of registered representatives and investment adviser representatives dispersed throughout the United States. If required for their positions with a registered broker-dealer, LPLE's principal executive officers are securities licensed as registered representatives of LPL. In addition, LPLE is qualified to sell insurance products in all 50 states.

LPL and The Private Trust Company, N.A. ("PTC"), a federally chartered non-depository bank licensed to provide trust services in all 50 states, are related persons. PTC serves as IRA custodian for Program accounts set up as IRAs. PTC also provides personal trustee services to clients for a variety of administrative fiduciary service, which services may relate to a Program account. Because LPL and PTC are affiliated companies and share in revenues, there is a financial benefit to the companies if a client uses PTC as a custodian or for personal trustee services, or if a PTC client uses LPL as an investment advisor. PTC's IRA custodian and trustee services and fees are established under a separate engagement between the client and PTC.

Fiduciary Trust Company of New Hampshire ("FTC"), a non-depository trust company, is a related person of LPL. FTC provides custodial and various other recordkeeping and services to IRAs and certain employer-sponsored plans maintained through non-GWP Program accounts. Because LPL and FTC are affiliated companies and share in revenues, there is a financial benefit to the companies if a client is referred to or otherwise elects to engage with FTC for services under another LPL program, and uses LPL as the investment adviser or broker-dealer. FTC's custodial and recordkeeping services and related fees are established under a separate engagement between the client and FTC.

LPL IARs are permitted to engage in certain LPL-approved business activities other than the provision of brokerage and advisory services through LPL, and in certain cases, an IAR could receive greater compensation through the outside business than through LPL. An IAR could also be an accountant, real estate agent, tax preparer, lawyer or refer customers to other service providers and receive referral fees, for example. As other examples, an IAR could provide advisory or financial planning services through an independent unaffiliated investment advisory firm, sell insurance, or provide third-party administration to retirement plans through a separate firm. If an IAR provides investment services to a retirement plan as a representative of LPL and also provides administration services to the plan through a separate firm, this typically means the IAR is compensated from the plan for the two services. If you engage with an IAR for services separate from LPL, you may wish to discuss with him or her any questions you have about the compensation he or she receives from the engagement.

Additionally, LPL and/or its IARs may refer clients to unaffiliated firms other than investment product sponsors or financial institutions, for either investment or non-investment related products or services, in exchange for a referral fee or other forms of indirect compensation. These may include referrals for investment banking, lending, accounting, tax preparation, financial technology tools, or such other products, services or consultations that may be requested by and/or benefit a client. As applicable, clients will receive additional disclosures identifying these particular arrangements and any related compensation at the time of the referral.

LPL has an affiliated insurance agency, LPL Insurance Associates, Inc. ("LPLIA") through which IARs may sell insurance products. LPL receives compensation from issuers of life insurance (universal, variable universal, whole life, and term) and other insurance contracts that are made available by IARs, such as long term care insurance and disability insurance. The compensation includes commissions and trails, and may include payments for administrative services that LPL provides and/or payments made in connection with LPL's marketing and sales-force education and training efforts, including LPL's annual national sales and education conference and other conferences. IARs receive a percentage of the commissions or trailing commissions paid to LPL or LPLIA. IARs may also sell insurance through an independent unaffiliated insurance agency. An IAR may earn compensation (including

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

trailing compensation), benefits and non-cash compensation through the third-party insurance agency and may have an incentive to recommend you purchase or sell insurance products with the independent agency.

Code of Ethics and Personal Trading

LPL has adopted a code of ethics that includes guidelines regarding personal securities transactions of its employees and IARs. The code of ethics permits LPL employees and IARs to invest for their own personal accounts in the same securities that LPL and IARs purchase for clients in Program accounts (or that are recommended to users). This presents a conflict of interest because trading by an employee or IAR in a personal securities account in the same security on or about the same time as trading by a client can disadvantage the client. LPL requires in its code of ethics that LPL employees and LPL IARs report certain personal securities transactions and holdings to LPL. LPL generally has procedures to review personal trading accounts for front-running. However, since LPL's Research Department has sole control over trading decisions (including timing of implementation thereof) for the Model Portfolios in the Program, the potential for front-running by most LPL employees and LPL IARs is limited, and no such review is conducted other than for employees in LPL's Research Department. In addition, employees in LPL's Research Department are required to obtain pre-clearance prior to purchasing certain securities for a personal account. Employees and IARs are also required to obtain pre-approval for investments in private placements and initial public offerings. A copy of the code of ethics is available to clients or prospective clients upon request and is available at lpl.com/disclosures.html.

With respect to GWP services provided by an Advisor (rather than one of LPL's IARs), clients should refer to Advisor's Form ADV brochure for more information about the Advisor's code of ethics and personal trading policies.

Participation or Interest in Client Transactions

Purchases of mutual fund shares are typically processed through LPL's proprietary account resulting in such purchases being characterized as principal transactions for certain reporting purposes. In such case, the shares will be purchased at the fund's net asset value, and no additional charges will be applied to such transactions as a result of LPL's use of a proprietary account. LPL does not otherwise engage in principal transactions with its clients in GWP. LPL's parent company, LPL Financial Holdings Inc., is a publicly traded company. LPL Financial Holdings Inc. stock may not be purchased in GWP accounts. However, a model may include an ETF or mutual fund that holds LPL Financial Holdings Inc. stock as an underlying investment, for example, an ETF that seeks to replicate the performance of an investment services index that includes LPL Financial Holdings Inc.

For certain ETFs and stocks, LPL executes trades in fractional shares of those securities as an accommodation to clients. There is not an active open market for fractional shares, and executing trades with LPL is most often the only form of liquidity for a client that holds fractional shares in his or her account. LPL does not receive any compensation in addition to advisory fees for executing trades in fractional shares for a client's advisory account. LPL will only buy and sell fractional shares when a client is also trading whole shares of the security, in connection with a dividend reinvestment plan, or to sell remaining fractional shares to close a position. Trades in fractional shares will happen on the same day and at the same price as a trade in whole shares, or otherwise at market closing price.

12b-1 Fees; Recordkeeping Services and Compensation; Revenue Sharing Arrangements

Some previously purchased, non-model mutual funds charge shareholders a 12b-1 fee, and, in the future, mutual funds selected in a Model Portfolio may charge shareholders a 12b-1 fee. To the extent a mutual fund charges a 12b-1 fee, the fee will be paid to LPL by the mutual fund. Any 12b-1 fees paid to LPL by mutual funds (other than Sweep Funds) will be credited to the account.

LPL performs recordkeeping, administrative and shareholder services on behalf of mutual funds and receives compensation for the services based on mutual fund holdings of GWP clients. These services include establishing and maintaining accounts with the funds, facilitating settlement of funds, responding to customer inquiries and requests, and maintaining sub-account records reflecting the issuance, exchange, or redemption of shares by each program account. A type of recordkeeping service that LPL provides to certain mutual fund families is to process transactions on an omnibus basis, which means that LPL consolidates client trades into one daily trade with a fund, and maintains all pertinent shareholder information for the fund. If LPL does not provide

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

omnibus services to a mutual fund, then fund shares are traded on a networked basis, which means LPL submits a separate trade for each individual client trade to the fund. In that case, LPL maintains only certain elements of the fund's shareholder information.

The compensation LPL receives from a fund for recordkeeping, administrative, and shareholder services is based on the amount of GWP client assets that are invested in the fund (up to 0.30% annually), or the number of positions held by GWP clients in the fund (up to \$25 per position). In addition, LPL charges a setup fee to product sponsors when adding new investment products or share classes of an investment product to LPL's investment platforms. In the case of exchange traded products, LPL receives up to \$15,000 as a sponsor level due diligence fee, up to \$7,500 per fund and up to an additional \$15,000 per fund for complex exchange-traded products and ETPs. In the case of mutual funds, LPL receives a one-time set up fee of up to \$15,000 as a sponsor level due diligence fee and a setup fee of \$7,500 per fund. LPL does not share this compensation with its IARs or Advisors.

When LPL incurs technology development related costs associated with the launch or maintenance of a platform, tool or service, LPL sometimes receives reimbursements from product sponsors for such costs. Because LPL benefits from product sponsors' reimbursements of technology development-related costs, LPL's financial interests are conflicted with its ability to use strictly objective factors when selecting product sponsors to make available on the applicable platforms.

LPL has fee arrangements with investment advisors or distributors ("sponsors") of ETFs, mutual funds, annuities, alternative investment products and structured products that are available for purchase through the Program, called revenue sharing. Under these arrangements, the sponsor pays LPL a fee based on the amount of client sales or assets invested in the sponsor's products or a fixed fee, and LPL provides marketing support, data analytics, and administrative services to the sponsor and allows the sponsor to access LPL representatives so that the sponsor can promote such products. The amount and form of revenue sharing fee received by LPL can vary depending on many factors, including the services provided by LPL and the sponsor's investment products. LPL marketing support compensation for mutual funds, interval funds, ETFs and positional money market funds (other than the Sweep Funds) consists of flat and/or asset based fees totaling up to 0.15% annually of LPL clients' Investments In the Investment product or up to \$1,000,000. LPL does not accept revenue sharing fees for assets held in retirement accounts. LPL does not require that a sponsor participate in revenue sharing arrangements for the sponsor's products to be selected for a Model Portfolio. However, LPL has a financial incentive to recommend participating products instead of those whose sponsors do not make such payments to LPL. In general, sponsors pay LPL a revenue sharing fee in addition to other product-related fees paid by a client, which include sales charges, deferred sales charges, distribution and service fees, redemption fees, and other fees and expenses disclosed in a product's offering documents. Revenue sharing fees may be paid by a particular investment fund, or its investment advisor or distributor, or an affiliate. LPL does not share this compensation with its IARs.

LPL offers product sponsors of mutual funds, closed funds, interval funds, ETFs, alternative investments, advisory strategies, annuities and life insurance contracts the opportunity to purchase analytical data, business intelligence and ad hoc reporting. This information helps product sponsors in their sales, distribution and product development efforts with respect to customers and clients and creates similar conflicts to those discussed above. LPL receives up to \$600,000 annually from each product sponsor in third party compensation for this information.

LPL receipt of revenue sharing fees creates a conflict of interest for LPL, which means that there is an incentive for LPL and its respective financial professionals to recommend investment products that pay revenue sharing fees. LPL or its affiliate receives significantly more revenue sharing fees from the sponsors for which clients have the largest holdings, which creates a conflict of interest for LPL to promote and recommend these sponsors' investments.

Revenue sharing payments are generally higher for investment products with higher expense ratios (the overall fee paid by an investor in the product). Additionally, revenue sharing payments for some ETFs are based on management fees and will be higher for ETFs with higher expense ratios, both because LPL is paid a portion of the higher fees and because generally the percentage rate that LPL gets paid increases for investment products with higher expense ratios. As a result, LPL has an

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

increased incentive to choose investment products that charge more in fees and to promote or recommend these investment products so that LPL earns more, and that could cause lower performance for client accounts. Other investment products with lower fees that are not party to revenue sharing agreements are available. Higher expense ratios will cause an investor to earn less on an investment than a comparable investment with a lower expense ratio. This results in a conflict of interest between clients and LPL because the revenue sharing arrangements give LPL an incentive to recommend investments that could cause lower performance for client accounts. The variations between amounts and forms of revenue sharing payments also create an incentive for LPL to recommend holding products which pay revenue sharing payments to LPL or its affiliate as an ongoing percentage of client assets. This conflict can cause clients to pay higher overall fees and expenses and have an impact on the investment performance of an account. Additionally, LPL receives significantly more revenue sharing from firms for which clients have the largest holdings, and some of LPL's contracts pay increased asset based fees when certain threshold are met. This creates a conflict of interest for LPL to promote and recommend those investments. However, these conflicts are mitigated insofar as the revenue sharing payments LPL receives are not shared with the IAR or Advisor who selects or recommends the investment products for client accounts.

The revenue that LPL receives from 12b-1 fees, recordkeeping compensation, and revenue sharing arrangements is an important revenue stream and presents conflicts of interest that affect LPL's ability to provide clients with unbiased, objective investment advice concerning the retention of previously purchased mutual funds and, in the future, the selection of funds and share classes for a Model Portfolio. In particular, LPL has a financial incentive: (i) to retain or select a product or a share class that charges a 12b-1 fee and/or pays recordkeeping compensation to LPL over another comparable product or a share class that does not charge 12b-1 fees or pay recordkeeping compensation; (ii) to retain or select a product sponsored by a company that makes revenue sharing payments to LPL, instead of another comparable product whose sponsor does not make such payments; and (iii) to retain or select a product or a share class that charges 12b-1 fees, pays recordkeeping compensation to LPL, or whose sponsor makes revenue sharing payments to LPL that, in each case, are comparatively higher than those charged or paid by another comparable fund or share class or a sponsor of such products or share classes. Such other comparable products and/or share classes may be more appropriate for a client than the product or share class offered through the Program. Additionally, LPL receives significantly more revenue sharing from fund sponsors for which LPL's clients have the largest holdings, which creates a conflict of interest for LPL to promote and recommend those investments. LPL's website at lpl.com/disclosures.html identifies the products that pay recordkeeping compensation and the mutual fund sponsors that make revenue sharing payments to LPL.

LPL credits to clients any 12b-1 fees it receives from mutual funds (other than the Sweep Funds), and therefore, LPL does not have an incentive to select one fund or Program Share Class over another solely on the basis of the 12b-1 fee. In addition, LPL does not share 12b-1 fees, recordkeeping fees, or revenue sharing payments with IARs or Advisors, and therefore, there is no financial incentive for an IAR or Advisor to select a participating fund over another fund because of this fee arrangement. Although LPL does not share recordkeeping fees or revenue sharing payments with IARs or Advisors such fees and payments will increase LPL's profits and indirectly benefit IARs and Advisors, for example by increasing the value of equity awards from LPL's parent company to IARs or by being used by LPL to support marketing or training costs.

Cash Sweep Service Options

LPL automatically transfers cash balances (including otherwise uninvested cash amounts received from the customer, securities transactions, dividend and interest payments, and other account-related activities) in a customer's eligible accounts through the account's designated sweep service option, where applicable. The type of sweep service options available (and how cash is held) depends on the customer's account type. LPL offers Federal Deposit Insurance Corporation ("FDIC")-insured bank sweep services for most customer accounts. Accounts may be eligible for the LPL Insured Cash Account ("ICA") Program, the LPL Deposit Cash Account ("DCA") Program, the Single Bank Insured Cash Account ("SBICA") sweep program, or the money market mutual fund sweep, each described below. Not all sweep service options are available to all types of customer accounts. Cash sweep is offered as an account feature and service to facilitate the operation and maintenance of the account and is not intended to be used as an investment option or as part of an account's asset allocation, though for certain advisory

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

accounts, it is typical for an account to have an allocation to cash to support the operational needs and fees charged to the account. LPL and its financial professionals do not typically recommend specific sweep service options or underlying sweep holdings. For more information, please see your customer agreement and the applicable ICA, DCA, or SBICA disclosure booklet, or the sweep money market fund prospectus.

The aggregate fees and expenses received by LPL in connection with the customer account's designated sweep service option can be higher or lower than the customer's yields on the sweep service option depending on the particular sweep option, prevailing interest rates and other market factors. See <https://www.lpl.com/disclosures/lpl-financial-fdic-insured-bank-deposit-sweep-programs.html> for Information about our customer fees and customer Interest rates for ICA and DCA, or contact your IAR or Advisor, as applicable, for information about our customer fees and customer interest rates for SBICA and for money market funds. Historically, customer yields in ICA have always been lower than the aggregate fees and charges received by LPL. Customer yields in DCA, SBICA and in money market mutual funds have been both lower and higher than the aggregate fees and charges received by LPL.

Cash sweep services are not intended to be used for long-term investments and are more appropriately viewed as an indirect cost of maintaining and operating the account. LPL makes available a wide range of investment alternatives with differing risk and return characteristics, which are better suited for meeting customer investment needs and objectives. Customers should compare the terms, interest rates, required minimum amounts and other features of their account's applicable sweep service option available through other types of accounts and investment options available in their account.

FDIC insurance protects against the loss of FDIC-insured deposits if the depository institution or bank holding the deposit fails. LPL itself is not an FDIC-insured depository institution. With respect to our sweep service options, only balances received by, and deposited at, the ICA, DCA and SBICA participating banks are eligible for FDIC insurance (subject to applicable limits). Eligibility for pass-through deposit insurance coverage for ICA, DCA, and SBICA deposits is subject to fulfilling specific conditions. Client Cash Accounts and money market mutual funds are not customer bank deposits and are subject to investment risks, including the potential loss of the amount invested. These investments are not FDIC-Insured, but may be subject to SIPC protection.

- **Insured Cash Account (ICA).** LPL's ICA sweep service option automatically sweeps otherwise uninvested cash balances held within customer brokerage (and certain advisory accounts) into interest-bearing bank deposits eligible for FDIC insurance (subject to applicable limits). Under its agreement with each ICA participating bank in which customer cash may be swept, LPL receives a fee from the bank equal to a percentage of the average daily deposit balance held at the bank. Such fees differ among the participating banks depending on the current interest rate environment and/or any fee waivers made by LPL. The fee LPL receives is generally an average aggregate annual rate of up to 6% as applied across the deposits held at all of the ICA participating banks. Because the banks generally pay different amounts to LPL on account balances, fees received by LPL with respect to a specific customer account (and the account's cash holdings) may be higher or lower than this average percentage amount. The fees received by LPL from the ICA participating banks reduce the interest rate customers receive on their cash held through ICA. These fees are additional compensation to LPL for operating and maintaining the account and for LPL's other services to the account. LPL has chosen to offer ICA as the sole sweep service option for certain account types, in part because of the additional compensation LPL earns from the use of ICA.

In situations where customer cash balances allocated through ICA exceed the deposit availability at ICA participating banks, uninsured cash balances may be placed into an "overflow" Client Cash Account. Such balances are considered to be "free credit balances" and represent a direct liability of LPL to the customer. See below for information about how LPL is compensated on Client Cash Account balances.

- **Deposit Cash Account (DCA).** LPL's DCA sweep service option automatically sweeps otherwise uninvested cash balances held within certain advisory accounts into interest bearing bank deposits eligible for FDIC Insurance (subject to applicable limits). In the DCA program, each Bank pays compensation equal to a percentage of the average daily

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

aggregated omnibus deposit balance held at the bank. This amount includes the fee for the third-party administrator, LPL's per account fee, and interest payable to participating accounts. Such fees differ among the participating banks. Customers have no rights to the amounts paid by the DCA participating banks, except for interest actually credited to the customer account. However, amounts collected from the DCA participating banks during each period, less interest credited, will be allocated on a per-dollar, per-account basis and used to offset each customer's monthly LPL account fee for providing the sweep services. In addition, part of the payment by the participating banks will be used to compensate the third-party administrator for its services. For its services under the DCA program, including making the platform available, LPL receives a per-account fee each month. The monthly fee is based on a fee schedule indexed to the current Federal Funds Target (FFT) Rate as detailed in the DCA Disclosure Booklet located on lpl.com. The current fee can also be found at lpl.com. It is expected that this fee will be recouped from the DCA participating banks and will not be a fee directly applied to customer accounts. The fee LPL receives under the DCA program does not vary, and is not affected by the actual amounts held in the deposit accounts or in the customer's account. LPL has chosen to offer DCA as the sole service option for certain account types, in part because of the additional compensation LPL earns from the use of DCA.

In situations where customer cash balances in DCA exceed the deposit availability at DCA participating banks, uninsured cash balances may be placed into an "overflow" money market mutual fund. See below for further information about fees generated by cash balances maintained in the DCA "overflow" money market mutual fund.

- **Single Bank Insured Cash Account (SBICA).** For certain eligible customers participating in an LPL investment program associated with, or located at, certain banks LPL makes available the SBICA sweep service (and not the sweep service they might otherwise be eligible for, such as ICA). The SBICA sweep service functions like the ICA sweep service, except that otherwise uninvested customer account cash balances will be automatically swept into deposits eligible for FDIC insurance (subject to applicable limits) of the bank through which the investment program is offered, or in some situations, in a series of banks affiliated with the investment program bank. The banks participating in the SBICA have an agreement with LPL for financial professionals to offer brokerage and advisory services on their premises. This presents an additional conflict of interest because the financial professional is an employee of the bank that is also used for the sweep, and the bank benefits financially from the deposits. Under its agreement with each SBICA bank into which customer cash may be swept, LPL receives a fee from the bank equal to a percentage of the average daily deposit balance in the respective SBICA. The fee paid to LPL equals an average annual rate of up to 0.50% as applied across all deposit accounts taken in the aggregate. Because the SBICA participating banks generally pay different amounts to LPL on account balances, fees received by LPL with respect to a specific customer account (and the account's cash holdings) may be higher or lower than this average percentage amount. In some situations, LPL will receive no fee with respect to these deposits. The fees received by LPL from the SBICA participating bank(s) reduce the interest rate received by customers on their cash held through SBICA. These fees are additional compensation to LPL for operating and maintaining the account and for LPL's other services to the account. LPL has chosen to offer SBICA as the sole sweep service option for certain account types (and accounts sourced from the bank, bank premises or the bank employees acting as LPL financial professionals), in part, because of the broader business relationship that LPL has with the bank (and its affiliates) as well as the additional compensation LPL receives (if any).
- **Client Cash Accounts – ICA Overflow Balances.** LPL receives additional compensation and benefits from the customer cash balances maintained in the ICA overflow mechanism, referred to as Client Cash Account, which constitute free credit balances available for LPL use. LPL can use free credit balances to fund its ongoing operations subject to the limitations under SEC Rule 15c3-3. Pursuant to Rule 15c3-3, LPL can (i) deposit free credit cash balances into a segregated deposit account at its banks, thereby earning interest on the Client Cash Account balances deposited, or (ii) invest the cash balances in securities backed by the full faith and credit of the U.S. government, thereby making money on any yield generated by such securities. The amount LPL will earn from these sources will vary based on market forces and the contracts for deposit arrangements that LPL is able to secure with its banks. LPL may use both or either of these

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

vehicles at its sole discretion. Any amounts LPL receives pursuant to these sources will be reduced by the interest payable, if any, to customers on such balances, and further reduced by the cost of borrowing any funds necessary to meet its reserve requirements under Rule 15c3-3. For example, LPL may earn interest or a return by investing in short-term U.S. Government or Agency instruments or by using these balances to fund margin loans to its customers at a lower funding cost than would otherwise be the case. Customers do not share in the returns or proceeds associated with LPL's use or investment of such free credit balances, which are expected to exceed the amount of any Interest paid to the customer for Client Cash Account balances.

- **Money Market Mutual Fund Sweep Option.** For customer accounts not eligible for ICA, DCA or SBICA, otherwise uninvested cash balances held in the account are automatically swept and invested daily into shares of a money market mutual fund. Currently, taxable and tax-exempt money market funds offered by J.P. Morgan Asset Management and Federated Services Company, are available. LPL receives compensation in the form of servicing fees of up to 0.25% of customer assets invested in J.P. Morgan Asset Management money market funds and up to 0.35% of customer assets invested in Federated Services Company money market funds. These money market mutual funds generally pay higher 12b-1 fees than other money market funds that are not used for sweep services. The 12b-1 fees and the payer of such fees are set out in the prospectus of the money market mutual fund. LPL receives service and administrative fees relating to the support of the sweep program from the sponsors of these funds, ranging between 0.25% and 0.45% of the assets Invested In the money market funds. Such fees may be waived by the fund companies in their sole discretion. These payments are in addition to other fees (e.g., recordkeeping and 12b-1 fees) received by LPL, where applicable.

LPL also receives fees of up to 0.45% for DCA "overflow" balances that are swept into the Goldman Sachs Asset Management Financial Square Government Fund, if any. The fees and the payer of such fees are set out in the prospectus of the money market fund.

The compensation that LPL receives related to ICA, DCA (including from any ICA and DCA overflow mechanisms) and the Sweep Funds is in addition to the Account Fee that LPL and IAR or Advisor (as applicable) receive with respect to the assets in the sweep investment. This compensation related to ICA, DCA and Sweep Funds is an important revenue stream and presents a conflict of interest to LPL because LPL has a financial benefit if cash balances are maintained in ICA, DCA or the Sweep Funds. In addition, LPL will not take into account this compensation when it makes decisions on a Model Portfolio's allocation to cash. LPL will not share this compensation with IARs or Advisors.

Credit Cards

As part of its cash management services, LPL makes available for its customers credit cards through a partner bank. LPL receives a flat fee for each new activated credit card that is used by the cardholder in the first 90 days. LPL also receives a portion of the transaction volume of the cardholder's account. LPL's portion of the transaction volume varies depending on the number of LPL active cardholder accounts.

Rollovers

If a client is a participant in an employer-sponsored retirement Plan such as a 401(k) plan, and decides to roll assets out of the plan into the account, LPL and LPL IARs have a financial incentive to encourage client to invest those assets in the account, because LPL will be paid on those assets, for example, through advisory fees. Client should be aware that such fees likely will be higher than those a participant pays through an employer-sponsored plan, and there can be maintenance and other miscellaneous fees. As securities held in employer-sponsored plans are generally not transferrable to the account, commissions and sales charges may be charged when liquidating such securities prior to the transfer, in addition to commissions and sales charges previously paid on transactions in the plan. This conflict of interest is mitigated by LPL's policy regarding rollovers from an employer-sponsored plan into an LPL individual retirement account ("IRA").

LPL and LPL IARs may assist clients contemplating a rollover by providing general investment education to assist plan participants in making informed investment decisions about the distribution options available to them. LPL's educational

services are intended to be consistent with the Department of Labor’s Interpretive Bulletin 96-1. LPL is not acting in a fiduciary capacity under ERISA when providing educational services. The general investment education provided is not intended to be viewed or construed as a suggestion for client to take a particular course of action with respect to employer-sponsored plan assets (including, a distribution therefrom). With respect to employer-sponsored plan rollovers, LPL makes information available that outlines the many factors client should consider (including the types of fees and costs of an IRA and IRA investments) before making a decision. IARs may also agree to assist clients seeking a recommendation on whether to roll out of their employer-sponsored plan based on an analysis of the client’s personal financial needs, savings objectives and other financial and non-financial considerations, that is designed to determine whether such is in the client’s best interest under ERISA.

IRA to IRA Transfers

If LPL or an LPL IAR recommends that Client move assets from an LPL brokerage IRA account or an IRA account held at another financial institution into the Account, they are required to consider, based on the information Client provides, whether Client will be giving up certain investment-related benefits, such as the effects of breakpoints or rights of accumulation, and has determined that the recommendation is in Client’s best interest because (1) greater services and/or other benefits (including discretionary management, trust services, holistic advice and planning, and automatic account rebalancing) can be achieved with the Account; (2) access to your chosen financial professional and asset consolidation (in the case of a transfer from another financial institution) and (3) the asset based fees and transaction charges are justified by these services and features.

Notwithstanding whether a recommendation has been made, clients should understand that with respect to any assets clients decide to move into the Account, clients should: (1) evaluate the investment and non-investment considerations important to the client in making the decision; (2) review and understand the fees and costs associated with the Account; (3) recognize that higher net fees (if applicable) will reduce the client’s investment returns and ultimate retirement assets; and (4) understand the conflicts of interest raised by the financial benefits to LPL and its IARs resulting from the client’s decision to move assets into the Account.

Review of Accounts

IARs review accounts and meet with clients, on a regular basis or as requested by the client, and such meetings may include review of accounts statements, performance information, and other information or data related to the client’s account and investment objectives.

Client may access account statements, showing account activity and month or quarter-end positions, and confirmations of the transactions that occurred within the account through Account View. Confirmations of transactions will be consolidated in the case of rebalancing transactions. Detailed performance information is generally available in electronic form through Account View and is available on year end statements. IARs or Advisors, as applicable, have access to review accounts statements and performance information.

Users of the Proposal Tool do not receive any reporting.

Other Compensation

LPL, LPL employees and IARs receive additional compensation, business entertainment and gifts from product sponsors. However, such compensation may not be tied to the sales of any products. Compensation includes such items as gifts valued at less than \$100 annually, an occasional dinner or ticket to a sporting event, or reimbursement in connection with educational meetings, customer appreciation events, or marketing or advertising initiatives, including services for identifying prospective clients. Product sponsors also pay for, or reimburse LPL for the costs associated with, education or training events that are attended by LPL employees, IARs and Advisors and for LPL-sponsored conferences and events. LPL, LPL employees and IARs also receive reimbursement from product sponsors for technology-related costs, such as those to build systems, tools and new features to aid in serving customers. With respect to GWP services provided by an Advisor (rather than one of LPL’s IARs), clients should refer to the Advisor’s Form ADV brochure for more information about conflicts of interest.

LPL employees provide sales support resources to IARs and Advisors that use LPL advisory programs. The compensation that LPL pays to these employees varies based on the assets in LPL's different advisory programs. These employees have an incentive to promote certain advisory programs to IARs and Advisors over other advisory programs. These employees also earn more compensation when IARs and Advisors transition client assets from brokerage accounts to advisory accounts, and have a financial incentive to encourage IARs and Advisors to transition brokerage accounts to advisory.

LPL receives compensation in the form of earnings on its short-term investment of cash in Program accounts prior to the time the cash is invested for the account. These earnings are generally known as "float." Cash in the account would typically result from contributions to the account or sales of securities in the account. For accounts that opt out of the sweep program, the accounts typically remain in free credit balances. In such case, LPL receives compensation in the form of earnings on cash. LPL does not share this compensation with IAR or Advisor.

In the event a trade error occurs in an account, and such error is determined to be caused by LPL, LPL typically will cancel the trade and remove the resulting monetary loss to the client from the account. If a trade correction is required as a result of client (e.g., if client does not make full payment for purchases or fails to deliver negotiable securities for liquidations before trade settlement), LPL typically will cancel the trade and any resulting monetary loss will be borne by the client. In the case of a trade that requires a correction as described above and that resulted in a monetary gain to the client, such gain will be removed from the account and can result in a financial benefit to LPL.

If a Model Portfolio is selected that only consists of ETFs and/or mutual funds within the same fund family or within affiliated fund families, the Portfolio Strategist will select only those funds within the affiliated fund families.

Conflicts Related to LPL Compensation to its IARs

This section applies if an LPL IAR provides advisory and consulting services through the Program. An LPL IAR recommending an advisory service receives compensation from LPL. In most cases, LPL has a compensation arrangement directly with the IAR. (In certain cases, LPL has entered into an agreement with a financial institution offering LPL's advisory services on its bank or credit union premises, as described further below.) LPL typically compensates IARs pursuant to an independent contractor agreement, and not as an employee. This compensation includes a portion of the Account Fee and, such portion received by IAR may be more than what IAR would receive at another investment advisor firm. All compensation paid to the IAR will be the sole responsibility of LPL and is payable by LPL out of the investment advisory fee clients pay to LPL.

IARs have a financial incentive to negotiate fee arrangements that maximize their compensation. In some programs, LPL charges a negotiable advisory fee for itself plus a fee for third-party managers that is not negotiable. Differences in fees for third-party managers, and the absence of such fees in other programs, creates a conflict of interest for the IARs insofar as IARs can negotiate a higher LPL advisory fee for a program or strategy with lower or no separate manager fee than they could for an account subject to a higher third-party manager. The amount received by an IAR as a result of a client's participation in any particular program offered by LPL often is more than the IAR would have received if the client participated in other programs, paid third-party manager fees, or paid separately for investment advice, brokerage and other services covered by the account fee.

Such compensation includes other types of compensation and benefits, such as bonuses, awards or other things of value offered by LPL to the IAR. In particular, LPL pays its IARs in different ways, for example:

- payments based on production
- equity awards from LPL's parent company, LPL Financial Holdings Inc., consisting of awards of either restricted stock units (a promise to deliver stock in the future) or stock options to purchase stock, in each case subject to satisfaction of vesting and other conditions
- reimbursement or credits of fees that IARs pay to LPL for items such as administrative services, or technology fees
- free or reduced-cost marketing materials
- payments in connection with the transition of association from another broker-dealer or investment advisor firm to LPL
- advances of advisory fees

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

- payments in the form of repayable and forgivable loans
- attendance at LPL conferences and events.

Some of these forms of compensation, particularly equity awards of LPL Financial Holdings Inc., give IARs a financial interest in the success of LPL. IARs who have a financial interest in the success of LPL have an incentive to recommend investments that are more profitable for LPL, regardless of whether the IARs share in that compensation directly.

Note that LPL has a dedicated team of employee IARs in its offices who service certain accounts, and also a small subset of IARs who operate their own offices or are located on the premises of certain financial institutions and are employees of LPL Employee Services, LLC, an LPL-affiliated company. In such cases, the IARs are compensated as employees, and such compensation can include a salary, bonus and other things of value as set out above.

LPL also charges IARs various fees under its independent contractor agreement, for example, for administrative, custody and clearing services to accounts, technology, and licensing. In certain cases, LPL pays IARs this compensation, and charges IARs these fees, based on the IAR's overall business production and/or on the amount of assets serviced in LPL advisory relationships. When compensation or fees charged is based on the level of production or advisory assets of an IAR, the IAR has a financial incentive to meet those production or asset levels. The amount of this compensation from LPL could be more, and the amount of these fees charged by LPL could be less, than what the IAR would receive, or pay, if he or she associated with another investment advisor firm. The level of compensation and costs is an incentive for an IAR to become associated with LPL over another investment advisor firm. This compensation the IAR receives from LPL could be more than if the client participated in other LPL programs, programs of other investment advisors or paid separately for investment advice, brokerage, and other client services, and likewise, the fees that IAR pays to LPL could be less for GWP than other programs or services. In such cases, the IAR has a financial incentive to recommend advisory services in GWP over other programs and services. Although the IAR may factor in the fees charged to them by LPL in the overall Advisory Fee negotiated by the client, IAR can still earn more for offering GWP at a lower overall fee rate than the fee rate for a program offering a third-party manager. However, an IAR may only recommend a program or service that he or she believes is suitable and in the best interests of a client in accordance with the applicable standards under the Advisers Act or other applicable law.

Ownership Interest in Doing-Business-As ("DBA") Entities

Some IARs operate through independent practices with a separate Doing-Business-As (or "DBA") designation. In some cases, LPL may partially or wholly own such practices, and have a financial interest in the business success of the DBA as a whole, or in a particular element of the DBA via specific ownership interests in its brokerage, advisory, insurance, or other financial services business (or any combination thereof). Clients should ask their IAR about the extent to which LPL has a financial interest in their practice.

Conflicts Related to LPL Compensation to Advisor

This section applies if clients select a third-party investment advisor firm ("Advisor"), in lieu of an LPL IAR, to provide advisory and consulting services through the Program. LPL pays compensation to Advisor, which includes a portion of the Account Fee and also may include other compensation, such as bonuses, awards or other things of value offered by LPL to the Advisor and/or its representatives. Individuals of Advisor also may be associated with LPL as broker-dealer registered representatives and/or investment advisor representatives.

Advisor has a financial incentive to negotiate fee arrangements that maximize its compensation. In some programs, Advisor charges a negotiable advisory fee for itself plus a fee for third-party managers that is not negotiable. Differences in fees for third-party managers, and the absence of such fees in other programs, creates a conflict of interest for Advisor insofar as Advisor can negotiate a higher advisory fee for a program or strategy with lower or no separate manager fee than they could for an account subject to a higher third-party manager. The amount received by Advisor as a result of a client's participation in any particular program offered by LPL often is more than Advisor would have received if the client participated in other

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

programs, paid third-party manager fees, or paid separately for investment advice, brokerage and other services covered by the account fee.

In particular, LPL pays additional compensation to Advisor or its IARs by providing, for example:

- payments based on production
- equity awards from LPL's parent company, LPL Financial Holdings Inc., consisting of awards of either restricted stock units (a promise to deliver stock in the future) or stock options to purchase stock, in each case subject to satisfaction of vesting and other conditions
- reimbursement or credits of fees that Advisor and/or its IARs pay to LPL for items such as administrative services, or technology fees
- free or reduced-cost marketing materials
- payments in connection with the transition of Advisor's business from another firm to LPL
- advances of advisory fees
- payments in the form of repayable or forgivable loans
- attendance at LPL conferences and events.

Some of these forms of compensation, particularly equity awards of LPL Financial Holdings Inc., give Advisor a financial interest in the success of LPL. If Advisor has a financial interest in the success of LPL, Advisor has an incentive to recommend investments that are more profitable for LPL, regardless of whether Advisor shares in that compensation directly.

LPL also charges Advisor various fees under its master services agreement, for example, for administrative, custody and clearing services to accounts, technology and licensing. In certain cases, LPL pays Advisor this compensation, and charges Advisor these fees, based on Advisor's overall business production and/or on the amount of assets serviced in LPL advisory relationships. When compensation or fees charged is based on the level of production or advisory assets of Advisor, Advisor has a financial incentive to meet those production or asset levels. The amount of this compensation from LPL could be more, and the amount of these fees charged by LPL could be less, than what Advisor would receive, or pay, if he or she associated with another financial services firm. The level of compensation and costs is an incentive for Advisor to become associated with LPL over another financial services firm. This compensation Advisor receives from LPL could be more than if the client participated in other LPL programs, programs of other investment advisors or paid separately for investment advice, brokerage and other client services, and likewise, the fees that Advisor pays to LPL could be less for GWP than other programs or services. In such cases, Advisor has a financial incentive to recommend advisory services in GWP over other programs and services. Although Advisor may factor in the fees charged to them by LPL in the overall Advisory Fee negotiated by the client, Advisor can still earn more for offering GWP at a lower overall fee rate than the fee rate for a program offering a third-party manager. However, Advisor may only recommend a program or service that it believes is suitable and in the best interests of a client in accordance with the applicable standards under the Advisers Act or other applicable law.

LPL Interests in Investment Advisers

As part of its business initiatives, LPL acquires or may take a financial interest in third-party investment advisers ("RIA Firms") that utilize LPL as their custodian. These RIA Firms offer LPL's investment advisory programs to their clients, and LPL earns compensation as a result of their use of its programs. When LPL acquires an RIA Firm and integrates that RIA Firm into LPL's investment adviser, it registers the IARs with LPL and they (and any other staff retained or engaged by LPL) become subject to LPL's code of ethics and have new and different conflicts of interest when recommending investment advisory products to clients. The IARs may brand their financial services practice under the RIA Firm's prior name (Doing-Business-As or "DBA" name), but they will be offering all advisory services through LPL. Alternatively, LPL may acquire the RIA Firm and continue operating it as a going concern. There, the IARs remain IARs of the RIA Firm, and LPL amends its regulatory records to reflect the RIA Firm as an affiliate. In the event LPL takes a limited financial interest in an RIA Firm, the terms of the ownership interest will dictate LPL's share of the RIA Firm's advisory revenue and other sources of income. In all cases, LPL has a financial interest in

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

the success of the RIA Firm. IARs of LPL have access to different products and services than LPL makes available to the financial professionals of third-party RIA Firms. Clients should ask their financial professional about the extent to which LPL has a financial interest in their practice.

Transition Assistance

LPL also provides various benefits and/or payments to IARs or Advisors with broker-dealer registered representatives that are newly associated with LPL to assist the IAR or Advisor with the costs (including foregone revenues during account transition) associated with transitioning his or her business to LPL (collectively referred to as "Transition Assistance"). The proceeds of such Transition Assistance payments are intended to be used for a variety of purposes, including but not necessarily limited to, providing working capital to assist in funding the IAR's or Advisor's business, satisfying any outstanding debt owed to the IAR's or Advisor's prior firm, offsetting account transfer fees (ACATs) as a result of the IAR's or Advisor's clients transitioning to LPL's custodial platform, technology set-up fees, marketing and mailing costs, stationary and licensure transfer fees, moving expenses, office space expenses, staffing support and termination fees associated with moving accounts.

The amount of the Transition Assistance payments is often significant in relation to the overall revenue earned or compensation received by the IAR or Advisor at his or her prior firm. Such payments are generally based on the size of the IAR's or Advisor's business established at his or her prior firm, for example, a percentage of the revenue earned or eligible assets serviced by the IAR or Advisor, as applicable, at the prior firm, and, in certain cases, on the amount of the IAR's or Advisor's, as applicable, client assets that are transferred to LPL above an agreed-upon threshold. These payments are generally in the form of payments or loans to the new LPL IAR or new Advisor with favorable interest rate terms as permitted under applicable law, which are paid by LPL or forgiven by LPL based on years of service with LPL (e.g., if the IAR or Advisor remains with LPL for 5 years) and/or the scope of business engaged in with LPL. LPL does not verify that any payments made are actually used for such transition costs.

In addition, existing IARs are eligible to receive financial assistance from LPL in connection with transferring existing client accounts serviced at an approved third-party investment program to an on-platform LPL advisory or brokerage account ("Operational Assistance"). These payments are typically calculated as a percentage of assets transferred to LPL up to 0.15%, but in some cases may involve a flat amount up to \$350 per transferred account, and are also generally payable in the form of payments or loans to the IAR that are forgivable based on years of service with LPL. While the loans are intended to offset bona fide time and effort incurred by IARs in identifying and coordinating transfers, the loans can create an incentive for IARs to recommend that clients transfer their assets to on-platform LPL advisory and brokerage accounts. However, an IAR may only recommend a program or service that he or she believes is suitable and in the best interests of a client in accordance with the standard of care under applicable law.

The receipt of Transition Assistance or Operational Assistance creates a conflict of interest in that an IAR or Advisor has a financial incentive to recommend that a client open and maintain an account with the IAR or Advisor and LPL for advisory, brokerage and/or custody services, and to recommend switching investment products or services where a client's current investment options are either not available through LPL or are maintained through a third-party investment program, in order to receive the Transition Assistance or Operational Assistance benefit or payment. LPL and its IARs attempt to mitigate these conflicts of interest by evaluating and recommending that clients use LPL's services based on the benefits that such services provide to clients, rather than the Transition Assistance or Operational Assistance earned by any particular IAR. However, clients should be aware of this conflict and take it into consideration in making a decision whether to establish or maintain a relationship with LPL, or to transfer an existing third-party investment program account to LPL. With respect to GWP services provided by an Advisor (rather than one of LPL's IARs), clients should refer to the Advisor's Form ADV brochure for more information about conflicts of interest. If LPL makes a payment or loan to a new or existing IAR, there is also a conflict of interest because LPL's interest in collecting on the payment or loan affects its ability to objectively supervise the IAR.

Client Referrals

From time to time, LPL and/or its IARs enter into arrangements with clients, third parties or other financial intermediaries for lead generation, client referrals or solicitation for program accounts (collectively, "solicitation arrangements"). These solicitation

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

arrangements range from largely impersonal referrals to specific client introductions to LPL and its IARs. Under solicitation arrangements, the third parties and financial intermediaries are independent contractors. In most cases, third parties are not advisory clients of LPL and do not refer clients based on their experience with LPL as advisory clients. The compensation paid under the solicitation arrangements is structured in various ways, including a one-time fee, a flat fee per lead or referral, and sharing a portion of the ongoing Account Fee. LPL and its IARs have generally entered into the following types of referral arrangements:

- *Referral Networks.* Some third parties operate referral networks. Referral networks may present potential clients with a list of possible investing firms and investment adviser representatives, or may direct potential clients specifically only to LPL and its IARs. Some referral networks receive a flat fee per referral and/or an ongoing fee, while others share a portion of the ongoing Account Fee;
- *Professional Cross Referrals.* Some IARs have relationships with other professionals, such as accountants, lawyers, or tax advisors, in which the professionals refer clients to IARs and in exchange the IARs refer clients to the professionals for their services. The cross-referral arrangement is a quid pro quo relationship that can give rise to similar conflicts as compensated referrals;
- *Client Referral Awards.* Investment advisory clients of LPL's IARs refer new advisory clients to their IARs. Sometimes, in connection with these referrals, IARs pay their clients one-time, non-cash gifts like gift cards or tickets to events for the clients referring to them new advisory clients;
- *Unaffiliated Financial Institutions.* LPL and its IARs offer advisory services on the premises of unaffiliated financial institutions, like banks or credit unions. These financial institutions refer clients to LPL. See more about LPL's relationship with financial institutions under "Unaffiliated Financial Institutions" below; and
- *Other Arrangements.* LPL and its IARs may enter into other arrangements in the future that provide for compensation similar to one or more of the types of arrangements described above.

Depending on the solicitor's arrangement with LPL, a solicitor may not be compensated for referring a client who opens a brokerage account rather than an advisory account, and as a result may encourage the client to open an advisory account instead of a brokerage account. Solicitation arrangements give rise to material conflicts of interest because the referring party has a financial incentive to introduce new investment advisory clients to LPL and its IARs. Solicitors may also have other conflicts of interest with respect to a particular IAR or may be associated with LPL in another way. Clients who are introduced to LPL and its IARs through a solicitation arrangement receive specific disclosures at the time of the introduction. If you receive such disclosures, you should review them carefully to understand the details of LPL's arrangements with the person introducing you to LPL. LPL's participation in these referral arrangements does not diminish its fiduciary obligations to its clients.

Unaffiliated Financial Institutions

LPL and its IARs or Advisors, as applicable, offer advisory services on the premises of unaffiliated financial institutions, like banks or credit unions. When services are offered in a bank or credit union, the advisory services are offered by LPL and not the financial institution. Any securities recommended as part of the investment advice are not guaranteed by the financial institution, or insured by the Federal Deposit Insurance Corporation or any other federal or state deposit guarantee fund relating to financial institutions.

LPL has entered into agreements with the financial institutions pursuant to which LPL typically shares compensation, including a portion of the Account Fee, with the financial institution for the use of the financial institution's facilities and for client referrals. Instead of paying the IAR or Advisor, as applicable, the portion of the Account Fee as described above, LPL shares the Account Fee with the financial institution, and the financial institution pays part of that amount to the IAR or Advisor, as applicable. The financial institutions, along with LPL, determine the compensation plan for the IAR or Advisor, as applicable. The financial institution establishes the compensation plan for IAR, which is subject to approval by LPL. The compensation plan determines how the IAR's compensation is structured. An IAR will have a financial incentive to recommend a particular service or product if under the compensation plan the recommended product will result in more compensation to the IAR than another product or

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

service, including advisory versus brokerage services. If an IAR is recommending an advisory program or service, he or she must believe that the program or service is suitable and in the best interests of the client in accordance with the applicable standards under the Advisers Act. In a few situations, LPL has agreements to provide similar services at financial institutions in which compensation is not shared with the financial institution.

If IAR is an employee of the financial institution where it provides services to program accounts, LPL typically shares with the financial institution between 75% to 100% of the Advisor Fee, after LPL retains its portion of the Account Fee for its administrative services. IAR (an employee of the financial institution) will be compensated (e.g. in the form of salary, bonus, commissions, etc.) by the financial institution based on the specific agreement and/or compensation plan between the financial institution and the IAR. If IAR is not an employee of the financial institution where it provides services to program accounts, LPL typically shares directly with IAR, after deduction of LPL's portion, between 25% to 100% of the Account Fee, and with the financial institution between 0% to 75%. All compensation paid to IAR or the financial institution will be the sole responsibility of LPL, and will not result in any increase in the Account Fees you pay to LPL.

Some of these financial institutions are affiliated with investment product sponsors (such as mutual fund sponsors) or offer certificates of deposit. An IAR located on the premises of a financial institution has a potential conflict of interest when IAR encourages clients to invest in that financial institution's certificates of deposit or proprietary investment products, such as mutual funds and structured products. When an affiliated investment product is selected for an account, the financial institution receives a portion of the Account Fee pursuant to the agreement between LPL and the financial institution and its affiliate receives fees from the affiliated investment product. Because affiliates of the financial institution earn fees and other benefits from the affiliated product, the financial institution has an incentive to select its affiliated products based on the compensation and benefits its affiliates receive rather than on a client's needs. In addition, because mutual funds benefit from scale, the financial institution and its affiliated companies have an interest in the mutual funds gaining greater assets. Certain financial institutions provide credits for affiliated investment products. We update this information from time to time on lpl.com/disclosures.html. For more information, click on "Account Disclosures, Agreements, Fee Schedules & Conflicts of Interest," and then "Third Party Compensation and Related Conflicts of Interest."

Note that the IAR does not receive additional compensation from the financial institution for selecting affiliated products and the IAR may only recommend an investment product that he or she believes is appropriate for clients. LPL reviews and selects investment products for the Program and LPL may elect to remove or replace an investment product. There is a conflict of interest because the business relationship between LPL and the financial institution could affect LPL's ability to objectively select and determine whether to continue to maintain these investment products in the Program. However, LPL only approves investment products that it determines are suitable and in the best interests of clients using the Program depending on clients' investment objective and risk tolerance.

LPL also provides other forms of compensation to financial institutions, such as bonuses, awards or other things of value offered by LPL to the institution. For example LPL pays a financial institution based on production, in the form of repayable or forgivable notes, reimbursement of fees that LPL charges for items such as administrative services, and other things of value such as free or reduced-cost marketing materials, transition assistance for changing association from another broker-dealer or investment advisor firm to LPL, advances of advisory fees, or attendance at LPL's national conference or top producer forums and events. LPL pays this compensation based on overall business production and/or on the amount of assets serviced in LPL advisory programs. Financial institutions are also eligible to receive Operational Assistance (as defined above) from LPL in order to assist with offsetting time and expense in coordinating transfers of client accounts from third party investment platforms to LPL's platform. The compensation is typically calculated and payable to the institution as a percentage of assets transferred to LPL up to 0.15%, but in some cases may be a flat-dollar amount per transferred account with a maximum of up to \$350 per account. The amount of this compensation may be more than what the financial institution would receive if the client participated in other LPL programs, programs of other investment advisors or paid separately for investment advice, brokerage, and other client services. As a result, the financial institution, and IAR or Advisor, as applicable have a financial incentive for the IAR or Advisor to recommend the program account and services that will result in the greatest compensation to the financial institution and IAR or Advisor. If LPL

ACCOUNT PACKET

GUIDED WEALTH PORTFOLIOS – PROGRAM BROCHURE

makes a loan to a new or existing financial institution, there is also a conflict of interest because LPL's interest in collecting on the loan affects its ability to objectively supervise an IAR at that financial institution.

In addition, financial institution employees who are not associated with LPL often refer prospective customers to IARs working in the financial institution. Those employees frequently receive a nominal referral fee from the financial institution (typically up to \$25) as compensation for each referral.

Employees of trust departments at certain financial institutions are authorized under the terms of applicable trust arrangements to delegate investment management responsibility to LPL and to receive a portion of the compensation earned in connection with investment advisory services provided to these accounts through LPL. These amounts are negotiated and vary but often amount to a significant portion of the total fees paid for investment advisory services.

Financial Information and Custody

LPL is a qualified custodian as defined in Rule 206(4)-2 under the Advisers Act and maintains custody of GWP client funds and securities in a separate account for each client under the client's name. LPL as a qualified custodian sends account statements showing all transactions, positions, and all deposits and withdrawals of principal and income. LPL sends account statements periodically when the account has had activity or quarterly if there has been no activity. Clients should carefully review those account statements. LPL will not have custody of any funds and securities of users of the Proposal Tool.

Brokerage Practices

In the Advisory Service of GWP, LPL is appointed by each client as custodian of account assets and broker-dealer with respect to processing securities transactions for the accounts. When securities transactions are effected through LPL, there are no brokerage commissions charged to the account.

Clients should understand that not all advisors or program sponsors require their clients to direct brokerage. The fact that LPL is both the investment adviser and broker-dealer on the account presents a conflict of interest. By directing brokerage to LPL, clients may be unable to achieve the most favorable execution of client transactions. Therefore, directed brokerage may cost clients more money. However, clients should understand that LPL is not paid a commission or transaction charge for executing transactions in GWP accounts. In addition, in the case of mutual funds, execution is made at the net asset value of the fund. Although LPL is not paid a commission or transaction charge for transactions in the account, LPL bears costs for each transaction made in an account. This presents a conflict of interest because these costs may be a factor LPL considers when deciding what parameters to set for rebalancing transactions that occur in an account.

LPL will aggregate transactions for a client with other clients to improve the quality of execution. When transactions are so aggregated, the actual prices applicable to the aggregated transactions will be averaged, and the account will be deemed to have purchased or sold its proportionate share of the securities involved at the average price obtained. LPL also will aggregate rebalancing transactions for an account with other Program accounts. Due to the large number of accounts that may be involved in rebalancing transactions on a single day, LPL may effect transactions for some accounts on one day and for other accounts on the following day or days which may result in price differences. In such case, LPL will have discretion to sequence the accounts involved in rebalancing transactions with the goal of treating all accounts equitably over time.

Dividends paid by securities in a client's account may be automatically reinvested or may be paid to the client in cash. In general, mutual fund dividends will be reinvested in the specific mutual fund paying the dividend, while dividends for ETFs will generally be paid in cash.

Certain orders may be blocked or subject to review by LPL before they are directed to an exchange or market maker for execution. This review may result in a delay in execution. LPL reserves the right to place restrictions on your account in our sole discretion, and to cancel any order that we believe would violate federal credit regulations or other regulatory limitations; however, LPL will have no responsibility or liability for failing to cancel any order.

Marc Andrew Zabicki

Educational Background and Business Experience

Marc Zabicki was born in 1966. He has a BS in Economics from Florida State University and he is a Chartered Financial Analyst (CFA). He is Chief Investment Officer and the Director of Research for LPL Research and has been with the firm since 2020. Prior to joining LPL, he was Chief Investment Officer at Bower Hill Capital Management.

Disciplinary Information

None.

Other Business Activities

Mr. Zabicki is a registered representative of LPL. However, he does not engage in the sale of securities or receive commissions or other compensation based on the sale of securities or other investment products.

Additional Compensation

Mr. Zabicki receives a regular salary and a discretionary bonus. Since the bonus for LPL Research personnel is based on the performance of certain portfolios managed by LPL

Research, it presents a conflict of interest because it could incentivize the LPL Research team to focus on short-term performance, take undue risk, or favor certain portfolios over others. LPL mitigates this conflict by basing the bonus calculation on short and long-term performance, capping the amount of compensation paid regardless of the return, and tying a portion of the compensation to the outperformance of all LPL managed portfolios.

Supervision

Mr. Zabicki is responsible for the advice provided by the LPL Research Department through LPL's advisory programs, and he reports to Rob Pettman, Executive Vice President. The advice provided by Mr. Zabicki is subject to LPL's policies and procedures and to any guidelines established for the applicable advisory program. The Chief Compliance Officer ("CCO"), Advisory Compliance is responsible for administering LPL's policies and procedures for investment advisory activities. The Advisory Compliance Department can be reached at (800) 877-7210.
